Resolution creating a Board for Locating Poles and Wires.

Voted that in pursuance of an act of the legislature approved March 20, 1903, the City Engineer, the Commissioner of Highways, and the Chief Engineer of the Fire Department be and they are hereby constituted a Board for Locating Poles and Wires within this City, to act in all cases where licenses for such poles and wires may have been granted by this Board, unless otherwise ordered by this Board. Said Board for Locating Poles and Wires shall in all such cases fix the size and location of each pole, the distances between them, the number of wires to be used, and their distance above or below the surface of the highway, and all such licenses shall be operative when said details shall have been so fixed by them. Said Board may adopt reasonable rules relating to their dealings with such matters, shall keep a full and accurate record of their doings, and shall file a report thereof with the City Clerk at least once each month. The duties prescribed by this vote shall be performed by said city officers as a part of their duties as such officers respectively, and the duties and powers of said Board may be modified or annulled at any time by vote of this Board. Nothing herein contained shall in any manner affect the power of the Board to revoke any licenses granted as above provided.

In Board of Mayor and Aldermen. Passed
April 13, 1906
A true copy of record.

Attest: Henry E. Chamberlin
City Clerk.

On Dakin Street west to Allison Street, 7 poles.
Dated April 13, 1903.

New England Telephone and Telegraph Company
By Jasper N. Keller
General Manager, J.H.B.

In Board of Mayor and Aldermen April 13, 1903 -
Voted that the petition of the New England Telephone & Telegraph Company, dated April 13, 1903 for locating poles and wires, be granted and that said Company and its successors be and they are hereby fully authorized and licensed to maintain poles and wires in the portions of the streets of the City specified in their petition presented to this meeting, the details as to size and location of such poles, the distances between them, the number of wires to be used, and their distance above or below the surface of the highway to be fixed by the Board for Locating Poles and Wires, this license being granted upon the express condition that said Company shall reserve at the top of all its poles, now or hereafter erected, space for one arm to be used for telephone, fire alarm, and police signal wires owned by the City and used exclusively for municipal purposes, and that this license is granted and that said poles and wires shall be maintained subject to the provisions applicable thereto contained in the Public Statutes and amendments and the ordinances of this City

A true copy of record - Attest Henry E. Chambulin
City Clerk.
