

**Verizon New Hampshire  
Voice Discount  
February 2008**

**Description of Filing**

In this filing, Verizon New Hampshire (“Verizon NH”) introduces a new pricing option known as the *Voice Discount*, which provides residential customers with an appropriate monthly credit, if they reverse their decision to disconnect Verizon dial tone service and subscribe to Regional Essentials as an additional line, Regional Essentials bundled with an unlimited long distance calling plan, Regional Value or Regional Value bundled with a long distance calling plan.

	<b>Verizon Voice Discount</b>
Regional Essentials as an additional line	\$12.05
Regional Essentials bundled with a long distance calling plan	\$10.00
Regional Value	\$12.05
Regional Value bundled with a long distance calling plan	\$10.00

Regional Essentials provides customers unlimited local, unlimited regional toll and three of the most popular calling features (Call Waiting, Caller ID and Home Voice Mail). Regional Value provides customers unlimited local and regional toll calling.

Verizon NH is aware that many of its competitors in New Hampshire now offer customer discounts when they bundle various types of services that include unlimited local and toll usage, as well as wireless, DSL/Cable modem and video. Often times, the voice service provided by competitors is included in bundles at no additional cost to the customer.

The *Voice Discount*, provided to Regional Essentials and Regional Value customers, attempts to meet the needs of customers who continue to look for value in their telecommunications service and enables Verizon NH to respond to increased competition in the marketplace.

The rates and charges for the services and features provided in this filing meet the Department's price floor requirements.
