

**Robert J. Wyatt**

**Educational Background**

Mr. Wyatt graduated from the New Hampshire Technical Institute in 1985 with an Associate in Engineering degree majoring in Electronic Engineering Technology. He completed his Bachelor of Science degree requirements in 1990 at New Hampshire College, now known as Southern New Hampshire University. His major was Technical Management. Mr. Wyatt has also completed an MBA graduate course in Information Sources and Research Methods.

Throughout his professional career, Mr. Wyatt has taken various professional development and computer software courses. In 2002 he completed professional development workshops for *Natural Gas Procurement and Hedging* and *The Basics, An Introductory Course on Rate Design* offered by the Center for Public Utilities at New Mexico State University. In 2004 Mr. Wyatt attended a two-day conference/workshop titled the *North American Natural Gas Supply Outlook* put together by EUCI (Electric Utility Consultants Inc.) in Denver. During the past ten years Mr. Wyatt has also attended several *The LDC Forum*, two-day conferences in Boston focusing on issues related to gas buyers and sellers.

**Professional Experience**

In 1985, Mr. Wyatt accepted a supervisory position in the Customer Relations Department of EnergyNorth, Inc., holding company for EnergyNorth Natural Gas, Inc., a gas utility based in NH. During that time Mr. Wyatt was recognized for developing a tracking system that flagged large volume meter malfunctions before they became major revenue and customer relations problems. He was also involved with a conversion to a new customer information system. He became familiar with many aspects related to customer relations.

In 1988, Mr. Wyatt accepted a promotion into the Gas Supply Department of EnergyNorth, Inc. as the Gas Dispatch Supervisor. In this position Mr. Wyatt was responsible for the daily dispatch of all gas supply needed to meet customer demand. He also was responsible for maintaining gas supply inventories at all pipeline storage and peaking facilities. He supervised the gas supply function at the company owned production plants.

In 1989, Mr. Wyatt was promoted to Gas Supply Analyst and in 1994, to Senior Gas Supply Analyst at EnergyNorth, Inc. In these analyst positions, Mr. Wyatt was responsible for the development and maintenance of various daily, seasonal and longer term load forecasting and supply planning models. He also contributed to gas supply related regulatory reporting to the Federal Energy Regulatory Commission, the Department of Energy/Energy Information Agency, and the NH Public Utilities Commission. He was involved in short and long term supply planning, least cost supply planning/analysis and contract administration. He administered the wholesale gas interruptible sales and unbundled transportation programs. During this time Mr. Wyatt was also a member of the Northeast Gas Association and participated in many of their management development workshops.

In 2000, after KeySpan acquired EnergyNorth, Mr. Wyatt had to make a choice to either accept a position as a Gas Supply Analyst with newly formed KeySpan Energy Delivery New England, working in Boston, or accept a position as Industrial Buyer for Hitchiner Manufacturing Company, Inc., in Milford, NH. He chose to accept the position with Hitchiner and in 2001 was promoted to Purchasing and Energy Analyst. Mr. Wyatt was responsible for the procurement of all raw materials used in this high volume investment casting foundry. He also contracted for all natural gas used at this facility and developed a comprehensive energy plan for the company, parts of which were incorporated into the company's strategic plan. Hitchiner was one of the largest single energy users in NH. He was a member of the company's energy conservation committee and also reported to senior management on current electric and/or natural gas related issues. Mr. Wyatt represented the company at monthly NH Business and Industry Association's Energy and Regulatory Affairs committee meetings.

In 2002, Mr. Wyatt accepted a position as Utility Analyst III in the Gas & Water Division of the New Hampshire Public Utilities Commission. His primary duties at the NHPUC have been to review all cost of gas filings and to present Staff findings to the Commission at COG hearings. Mr. Wyatt has also been involved in steam utility cost of energy dockets and operations investigations. In 2006 Mr. Wyatt was lead analyst in an investigation of thermal billing practices of one regulated gas utility in New Hampshire and discovered a change in billing methodology and over-billing, resulting in a large refund back to ratepayers. He is also involved with many other gas and steam utility issues that are related to or require public utility regulation.
