John Sullivan Hampstead Area Water Co. 54 Sawyer Ave. Atkinson NH 03811

Subject: MWS Hampstead, Hampstead Area Water Co. System Interconnection Grant Application-Atkinson (SI 1031010)

Dear Mr. Sullivan:

This refers to your application for funding under the NH Water System Interconnection Grant program. The project was included on the FY 2008 Priority Ranking. A grant in the following amount was approved by the Governor and Executive Council on December 11, 2007:

Regional Water System Grant

\$312,840.00

The grant program reimburses 25 percent of eligible costs for public water system interconnection projects, including planning, design and construction. Costs for projects funded through current revenues or cash on hand will be reimbursed no more frequently than monthly based on paid invoices or other verification of payment. Please use the attached form for requests for reimbursement of these non-amortized costs.

Amortized costs will be reimbursed in the month in which the water system makes payments on principal and interest. Please note that, for projects which receive grant support from other sources, NH Interconnection Grant payments will be adjusted to 25 percent of the local cost of the project. Please supply us with an updated bond schedule for this project if changes are made to the anticipated schedule submitted with the grant application.

Note that this office must review and approve preliminary reports, construction plans and specifications associated with this project. We must also issue authorization to advertise and authorization to award contracts based on information forwarded from the water system.

Please call me at 271-2953 (<u>mann@des.state.nh.us</u>) or Rick Skarinka at 271-2948 (rskarinka@des.state.nh.us) if you have any questions.

Sincerely,

Robert Mann, PE Drinking Water and Groundwater Bureau
