Re: DE 08-147
Industrial Power Services Corp. Granby landfill gas facility
Certification Application pursuant to RSA 362-F

Dear Ms. Gillis:

On November 19, 2008, the New Hampshire Public Utilities Commission (Commission) received an application from the Industrial Power Service Corp requesting certification for the Granby landfill gas facility as a Class I facility pursuant to RSA 362-F, New Hampshire's Renewable Portfolio Standard Law. Staff has reviewed your application and has noted the following item which must be addressed before your application is considered complete:

1. Pursuant to Puc 2505.02 (8), you must provide proof that your facility has an approved interconnection agreement on file with the commission, is a party to a currently effective interconnection agreement, or is otherwise not required to undertake an interconnection study.

This item must be received by the Commission to complete your application. Please refer to docket number DE 08-147 in all future correspondence with the Commission. Should you have any questions, please do not hesitate to contact me. My phone number is 603-271-2431 and my e-mail is maureen.reno@puc.nh.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read "Maureen L. Reno", is written over a light blue horizontal line.
