Docket # DW 09-051

Dear Ms. Howland,

I am writing to petition on behalf of Locke Lake Colony Association. We are a homeowner's association in Center Barnstead directly representing itself as a Pittsfield Aqueduct Company's customer and as a representative of the estimated 800 customers supplied by this water system. We are requesting our Association be granted the status of intervener in the matter of the Modified Request for Permanent Rate Relief filed by Pittsfield Aqueduct Company before the Commission.

Thank you for your consideration in this matter.

Sincerely,

Michael Ranaldi
President of the Board of Directors
