Re: PSNH Energy Service Reconciliation of 2008 Costs
Docket No. DE 09-091

Dear Secretary Howland:

In his pre-filed testimony in this proceeding, Mr. Cannata recommended that Public Service Company of New Hampshire ("PSNH") perform interconnection analyses for all combustion turbines and hydro-electric units connected at lower voltages. Mr. Cannata also recommended that PSNH establish an appropriate relay testing program for all combustion turbines and hydro-electric units. PSNH agreed with this recommendation, and it was incorporated in the Stipulation and Settlement accepted by the Commission in Order No. 25,060.

PSNH hereby files its report description of the steps necessary for completion. Copies of this filing have been forwarded to the persons on the attached Service List.

Very truly yours,

Gerald M. Eaton
Senior Counsel
