Re: DE 09-170 – Granite State Electric Company (the “Company”) Core Energy Efficiency Program

Dear Ms. Howland:

On behalf of Granite State Electric Company d/b/a National Grid, I am writing to inform the Commission that National Grid will be transferring \$68,000 from the Small Business Energy Solutions Program to the Large C&I Retrofit Program for the 2010 program year. Because the proposed transfer is greater than 20% of the budget for the Small Business Program, the Company is providing notice of the transfer to the Commission and parties pursuant to Section I(J) of the 2010 CORE Energy Efficiency Programs approved by Order 25,062. There are sufficient funds available in the Small Business Energy Solutions Program to accommodate this transfer, and the transfer is necessary to meet the demand within the Large C&I Retrofit Program.

Thank you for your attention to this matter. Should you have any questions, please do not hesitate to be in touch.

Very truly yours,

Sarah B. Knowlton
