Re: **DE 09-170 CORE Energy Efficiency Programs**

Dear Director Howland:

On behalf of Unitil Energy Systems, I enclose for filing seven copies of N.H.P.U.C. No. 3, Tariff Page 110 which contains the Company's on-bill financing provision associated with its RE-CORE Programs. These programs have been approved by the Governor and Executive Council and thus this tariff is being submitted in accordance with that approval. The Company has included an April 17 effective date on the tariff but is seeking approval of the tariff as soon as possible so that it may begin to obligate the loan funds. The Company will be submitting to the Commission on an informational basis a copy of its customer loan agreement for the on-bill financing program. The Company expects to submit that agreement shortly.

Thank you for your assistance with this matter. Please contact me if you have any questions.

Very truly yours,

Frederick J. Stewart
