RE: DT 10-211, Petition Requesting Approval of a Relief Plan for the 603 Numbering Plan Area

Dear Ms. Bailey,

Pursuant to the Public Utilities Commission's Order Number 25,210 dated April 4, 2011, and its Secretarial Letter dated September 7, 2011 issued in the above-captioned docket, FairPoint Communications – NNE (FairPoint) hereby certifies that it does not have any customers with active numbers in the following NXX Codes:

251	258	309	451
307	308	441	506
368	375	584	619
453	457	691	696
507	514	699	710
649	688	804	805
697	698	825	849
720	794	909	917
806	807	962	963
907	908	299	
949	954	316	

A recent final review of the NXX Codes in question unexpectedly uncovered two numbers in the 288 NXX and the 484 NNX Codes which are still active FairPoint telephone numbers. FairPoint is currently working with these customers to reclaim the numbers as expeditiously as possible. Additionally, FairPoint has contacted Neustar to inform it of this issue.

Please let me know if you have any additional questions. I can be reached at rtaylor@fairpoint.com or on 656-8102.

Sincerely,

A handwritten signature in black ink, appearing to read 'RPT' followed by a stylized flourish.

Ryan P. Taylor
