Re: PSNH 2010 Least Cost Integrated Resource Plan  
NH PUC Docket No. DE 10-261

Dear Ms. Howland:

On February 21, 2012, Public Service Company of New Hampshire's ("PSNH") filed a Motion for Protective Order with regards to Newington fuel supply prices, terms and contracts, Newington operating information, and information regarding Levitan contract pricing and study formulas and equations. The text of one of the data requests was correctly written in the motion; however, PSNH mislabeled the data request as STAFF-02, Q-STAFF-023. The data request should have been identified as coming from the fourth set of Staff Data Requests and should have appeared as follows:

STAFF-04, Q-STAFF-023

Question:

Ref. LAI Rebuttal, page 28. Please provide the Newington-related hot start times, minimum run time, start costs, and heat rates included in the GE MAPS database underlying the CRA study. Please also provide the same data used by LAI to conduct both the initial and revised CUO studies.

PSNH requests that its Motion for Protective Order to be amended to reflect the correct label of the data request. Thank you for your cooperation in this matter.

Very truly yours,

Gerald M. Eaton  
Senior Counsel
