Re: DT-10-280: Petition of Merrimack County Telephone Company d/b/a TDS Telecom for a license to construct and maintain telecommunications lines over and across the Public Waters of the North Branch River in the City of Antrim, New Hampshire.

Dear Ms. Howland:

Merrimack County Telephone Company (MCTC) filed its original Petition, with attachments, in the above docket on October 18, 2010. As a result of the subsequent review of MCTC's filing by the Commission's engineering consultant, MCTC has found it necessary to make a number of technical changes and corrections to its original filing. Given the number and nature of such technical revisions, MCTC has determined that it is most expedient to proceed in this docket by filing a revised Petition with the necessary revised exhibits at this time.

Accordingly, enclosed for filing with the Commission herein please find an original and six copies of a Revised Petition for a license to construct and maintain telecommunications lines over and across the Public Waters of the North Branch River in the City of Antrim, New Hampshire, with attached revised Exhibits 1 to 5. Please substitute the enclosed revised filing for the original Petition with all attachments filed on October 18, in its entirety.

Thank you for your assistance in this matter, please do not hesitate to contact me with any questions or further requirements.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Murray".
