SUBJECT: DM 11-272 Staff Recommendation
The Legacy Energy Group, LLC
Natural Gas Aggregator Renewal Registration Application

TO: Debra Howland
Executive Director

Staff has completed its review of the natural gas aggregator renewal registration application for The Legacy Energy Group, LLC (Legacy Energy). The initial registration application was received on December 14, 2011. Legacy Energy submitted a revised application on December 23, 2011 to correct a minor error in its initial filing.

The revised filing is complete and Staff recommends approval of the Legacy Energy renewal registration application. The term of the renewal should have an effective start date of February 16, 2012 and continue for a full 5 year renewal period, through February 15, 2017. The effective date coincides with the February 15, 2012 expiration date of the current registration.

Should you have any questions regarding this registration application, please do not hesitate to contact me.
