Re: **DE 12-029**, Durham Boat Company, Inc.'s Request for Recognition of Class II Renewable Energy Certificates (RECs) Intended for Banking in Quarter One and Quarter Two 2012

Dear Ms. Fuerst:

On January 18, 2013, the Commission received a letter from Durham Boat Company, Inc. (Durham Boat Co.) requesting that the Commission reinstate 12 RECs generated by the Durham Boat Co. facility back into Durham Boat Co.'s banked account so that they can be made available for future trading periods. Your letter states that there was a miscommunication between Durham Boat Co. and the facility's independent monitor regarding who was responsible for banking the RECs generated by the Durham Boat Co.'s PV array during February and March of Quarter One (Q1) and April and May of Quarter Two (Q2); therefore, the RECs generated by the Durham Boat Co.'s PV array were not entered into the GIS system prior to the end of the Q1 and Q2 trading periods. This caused the RECs to be retired towards the Residual Mix.

As a result of this error, production from the Durham Boat Co. facility is not eligible for Renewable Energy Certificates (RECs) inasmuch as NEPOOL GIS operating rules do not provide for certificate adjustment when the account holder commits the error. According to communication from James Webb, NEPOOL GIS Administrator, the GIS in this instance and in other similar situations, has advised managers to contact the appropriate state regulatory agency and request that the agency recognize the production as "RPS compliant" during the annual filing process. The Commission therefore, has the discretion to issue a secretarial letter approving the reinstatement of the RECs back into

Durham Boat Co.'s banked account to allow for these RECs to be transferred during the 2012 trading period.

Pursuant to RSA 362-F:6, the RPS program utilizes the GIS administered by ISO-New England and NEPOOL. Facility certification to produce New Hampshire RECs is assigned to the Commission pursuant to RSA 362-F:11. This authority is consistent with the GIS which, by design, relies on state agencies to certify REC-compliant facilities. The Commission certified the Durham Boat Co.'s photovoltaic facility as eligible to produce Class II RECs on December 23, 2010. The RECs in question are summarized on the following table:

Quarter	Month of Generation	NH Certification #	Unit ID	Unit Name	Fuel Type	Certificate Numbers	Quantity	NH Class
1	2012/Feb	NH-II-12-002	NON33828	Durham Boat Co.	Solar PV	343614 - 1 to 2	2	II
1	2012/Mar	NH-II-12-002	NON33828	Durham Boat Co.	Solar PV	34615 - 1 to 3	3	II
2	2012/Apr	NH-II-12-002	NON33828	Durham Boat Co.	Solar PV	348718 1 to 4	4	II
2	2012/May	NH-II-12-002	NON33828	Durham Boat Co.	Solar PV	348719 1 to 3	3	II

The Commission has determined that it is consistent with its statutory authority and GIS rules to recognize the Q1 and Q2 production from the Durham Boat Co. photovoltaic facility as eligible for Class II RECs, subject to the following conditions:

1. A notarized statement on company letterhead shall be made/signed by whomever is now the Authorized Representative of Durham Boat Co., attesting that the GIS certificates listed in the statement have not otherwise been, nor will be, sold, retired, claimed, used, or represented as part of electrical energy output or sales, or used to satisfy obligations, in jurisdictions other than New Hampshire. Such statement must be accompanied by documentation that said individual has been duly authorized by Durham Boat Co. to serve as its Authorized Representative.
2. The notarized statement and a copy of this letter shall be provided to the Retail Electricity Supplier to which the certificates are transferred, and that Supplier shall submit a copy of the statement and this letter to the Commission as part of its 2012 RPS Class II annual compliance filing.

This decision regarding the aforementioned Q1 and Q2 certificates shall not be regarded as establishing a precedent, and the Commission may deny any similar Durham Boat Co.

requests for a waiver in the future. Attached please find a copy of the notice of this letter provided to the GIS administrator.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra A. Howland". The signature is fluid and cursive, with the first name being the most prominent.
