Re: Tariff Filing

Dear Ms. Howland:

On May 21, 2012, Northern New England Telephone Operations LLC d/b/a FairPoint Communications – NNE (“FairPoint”) filed for effect July 1, 2012 tariff changes consisting of:

NH PUC No. 3

<u>Section</u>	<u>Revision of Page</u>
30	5

This filing was pursuant to the Federal Communications Commission Report and Order in WC Docket Nos. 10-90, etc., FCC Release No. 11-161 (November 18, 2011) (“FCC Order”). FairPoint revised its access tariffs to reflect implementation of the FCC’s Phase 1 Transitional Intrastate Access Service rate reductions.

In its May 21, 2012 letter, FairPoint indicated that the data collection information supporting its model may need further revision pending final 2011 adjustments. If adjustments were needed, FairPoint would file revised data collection work papers and subsequent tariff prior to or by June 1, 2012.

FairPoint hereby files its revised work papers reflecting year end 2011 final adjustments. The rates are affected with these adjustments and a new tariff page is also being filed with the original effective date of July 1, 2012, in compliance with the FCC Order.

To the best of our knowledge, the work papers submitted herein provide all Intrastate terminating switched access rate elements with associated revenue for purposes of this exercise in determining the required rate reduction. All other Intrastate terminating switched access rate elements generated zero revenue, therefore FairPoint did not feel they were necessary for this purpose, and are not represented on the attached work papers. Based on recent discussions with Staff, FairPoint will provide in the near future, work papers to include all relevant Intrastate terminating switched access rate elements.

FairPoint represents that the materials marked “Confidential” and “Proprietary Information” pertain to the provision of competitive services; set forth trade secrets or other confidential information falling within the scope of RSA 91-A:5 and PUC Rule 201:4(5); and are not general public knowledge or published elsewhere; FairPoint having taken measures to prevent dissemination of the information in the

ordinary course of business. As such, copies are being provided under seal to the Commission and to the Office of Consumer Advocate for review by their staffs. Pursuant to Commission Order No. 25,363, dated May 11, 2012, the requirement to file a motion for confidentiality under PUC 203.08 has been waived.

Attached are copies of the revised data collection work papers and tariff page. Please return the copy of this filing marked "Receipt" with your stamp of receipt.
