Docket No. DT 05-083

VERIZON NEW HAMPSHIRE
PROPOSED REVISIONS TO TARIFF NO. NHPUC 84

Petition to Intervene on Behalf of BayRing Communications

BayRing Communications (BayRing) respectfully petitions the New Hampshire Public Utilities Commission (Commission) for leave to intervene as a full party in the above-captioned proceeding under Rule Puc 203.02. In support of this petition, BayRing represents that:

1. By Order of Notice dated April 22, 2005 in the above-captioned docket the Commission indicated that it was opening a formal investigation pursuant to RSA 365:5 in connection with certain provisions of Tariff No. NHPUC 84 of Verizon NH and further indicated that the provisions at issue concerned certain unbundled network elements (UNEs) to Competitive Local Exchange Carriers (CLECs). The Order of Notice indicated that the UNEs at issue included DS 1 loops, DS 3 loops, and dedicated high-capacity transport facilities, including dark fiber transport.

2. The Commission ordered that any party seeking to intervene must submit a petition on or before May 20, 2005 and scheduled a prehearing conference for May 25, 2005 at 10AM.

3. BayRing is a local telecommunications company, or CLEC, based at the Pease International Tradeport in Portsmouth and has been licensed as a CLEC in NH since 1996. BayRing provides state of the art voice and data services to businesses throughout the Seacoast. BayRing utilizes services from Tariff No. 84 that are at issue in this proceeding.

4. BayRing's rights, duties, privileges or substantial interests may be affected by the proceeding. Granting intervention to BayRing would not impair the orderly and prompt conduct of the proceedings and would be in the interests of justice.

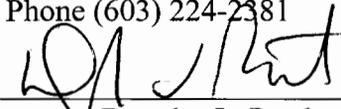

WHEREFORE, BayRing respectfully requests that the Commission grant it full intervenor status in the proceeding.

Respectfully submitted,
