Re: Lakeview Water Company, Inc./Bachelor Mountain Subdivision
Commission Docket No. DW 06-075

Dear Mr. Mobilia:

We spoke Wednesday regarding your progress in securing a consultant to complete an amended subdivision plan. You asked if I could provide you with some names of consultants in the area. I spoke with Department of Environmental Services and the learned of names of septic designers in the Alton area. I have attached those names and contact information.

I hope this information will enable you to begin amending the initial subdivision plan for the Bachelor Mountain development. As you know, the initial plan required public water be provided to all lots. Thus Lakeview Water Company was formed. Since you wish to dissolve the water company, the Commission needs to know that the subdivided lots satisfy DES' requirements for having a septic and private potable wells on each individual lot.

Please feel free to call either myself or Mark Naylor with updates on your progress.
Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Marcia A. B. Thunberg (db)".
