September 4, 2007

STAFF 1-73: Reed Testimony, Attachment A-MCT. Please provide an outline of the cellular coverage area with a minimum of -80dbm on a copy of each of MCT's exchange boundary maps on file with the commission.

Response:

Please see response to STAFF 1-37, TDS Telecom & Cellular Providers in New Hampshire map, Attachment TDS-CONF 0077 (confidential) and accompanying exchange maps, Attachments TDS-CONF 0057-0072 (confidential). The cellular coverage map is based on 32dbu. The companies do not have access to a map of -80dbm. Please note that some wireless carrier websites include access to coverage, such as the Verizon Wireless example provided in response to STAFF 1-54.

Michael C. Reed is responsible for this response.
