RE: DM 12-350 DEGI NG Aggregator application

Dear Sirs:

Pursuant to your deficiency letter we will address each issue in this letter.

Definitive Energy Group, Inc. (DEGI) Is not compliant with section 3003.04 (a) at this time. We do not consider ourselves aggregators; we are by definition consultants to corporate executives. None of our client's corporate offices are in N.H. but they do have facilities located in your state.

We were made aware of your definition of aggregator in Dec 2012 by one of the suppliers we do business with. Upon reviewing your definitions and requirements we immediately contacted our registered agent and added N.H. to our list while simultaneously completing the application to register as a foreign corporation with your Secretary of State. We also applied to to your offices to be licensed as an aggregator.

We have received our certificate of authority from your Secretary of State, which we forwarded to your office on 12/15/2012 a copy is attached. The only legal name that we operate under is Definitive Energy Group, Inc. (DEGI). DEGI did not register Restaurant Solutions Network, LLC. (RSN LLC) with the Secretary of State because they conduct no business in the State of N.H. as they only work at the corporate level not the facility level.

As specified in our original application DEGI provides RSN LLC clients with energy procurement services which brings us to the facility level when negotiating contracts for natural gas. We have updated our registration packet by removing RSN LLC from that application and the form is attached.

If you have any other questions or concerns please contact me immediately and we will get you your clarifications.

Best Regards:

David W. Bruce

President

Re:

DM 12-350 Definitive Energy Group, Inc.

Natural Gas Aggregator Registration Application

Deficiency Letter

Dear Mr. Bruce:

1

12

The application for Definitive Energy Group, Inc. (DEGI) to register as a natural gas aggregator was received on December 7, 2012. A Certificate of Authority for DEGI was received on December 18, 2012. Staff of the New Hampshire Public Utilities Commission (Commission) has completed its initial review of the registration application. The submitted application was incomplete and is therefore deficient in its current form.

DEGI should address the following Commission requirements as appropriate in either its cover letter and/or in an update to its registration application:

- Puc 3003.04(a) No aggregator shall enroll customers, or arrange to sell to or contact customers, or solicit specific customers for such purposes until such aggregator has completed all aspects of registration required by PUC 3003;
- Puc 3006.02(a)(1) The legal name of the applicant as well as any trade name(s) under which it intends to operate in this state;
- Puc 3006.02(a)(5) A copy of the applicant's current certificate of authority to do business in the State of New Hampshire from the Secretary of State, if anything other than an individual;

Specifically, the applicant's submitted registration application shall acknowledge in its cover letter whether or not it has been in compliance with Puc 3003.04(a). In the event the applicant has not been in compliance with Puc 3003.04(a), an explanation should be provided as to why it has not been in compliance with the requirement.

Additionally, the applicant's submitted registration application shall address the requirements of Puc 3006.02(a), subsections (1) and (5) to provide its legal name, trade name(s) and certificate of authority of the name(s) under which it intends to operate in this state. DEGI did not register the trade

name for Restaurant Solutions Network, LLC or for the name RSN LLC with the New Hampshire Secretary of State. Therefore, it should remove the reference to the trade name "Restaurant Solutions Network, LLC" in an updated registration application in subsection (1). An acceptable alternative, if applicable, would be to augment its registered business name to include the trade name for Restaurant Solutions Network, LLC through the Office of the NH Secretary of State. Otherwise, if the entity referred to as Restaurant Solutions Network, LLC, or RSN LLC is operating in New Hampshire as described in the DEGI gas aggregator registration application, then the entity should have its business name(s)/trade name(s) registered with the NH Secretary of State and its gas aggregator operation registered with the NH Public Utilities Commission, separate from DEGI.

In order to complete the registration process, DEGI will need to address each of the issues referenced above. These requirements should be administratively straightforward to correct. A letter with the updated information should be filed in an expedient manner to the docket number assigned to this application (DM 12-350). Until such time that these issues have been resolved, the 60-day review period will be suspended.

If you have any questions related to the registration requirements or to your registration application please refer to the registration instructions and checklist located on the Commission web page at http://www.puc.nh.gov/Gas-Steam/CNGS-Aggregator%20registration%20application%20instructions%20and%20checklist.pdf or contact me directly at (603) 271-2434.

Sincerely,

Robert J. Wyatt
