Re: Delivery Service Tariff NHPUC No. 8 Effective June 1, 2013

Dear Ms. Howland:

In compliance with the Commission's Order No. 25,511 dated May 15, 2013 in Docket No. DE 12-358 (Petition for Adjustment to Renewable Service Option Rate and to Require a Minimum Participation to Continue the Rate Option – Order Granting Petition), the following tariff page is transmitted herewith:

NHPUC No. 8 - Electricity Delivery  
Public Service of New Hampshire

3rd Revised Page 96

Effective: June 1, 2013

In its Order, the Commission approved increases in the Renewable Service Options of PSNH's Default Energy Service Rate DE, effective for service rendered on and after June 1, 2013. The rates, which are billed in addition to the default service rate, are increasing from 3.579, 1.790 and 0.895 cents per kilowatt-hour to 5.500, 2.750 and 1.375 cents per kilowatt-hour, for the 100%, 50% and 25% options, respectively. The Commission further granted PSNH's request to require a minimum participation of 1.0% of eligible customers within six months of the date of the Order, as a condition to continuing to offer the rate.

Customer Notification

For your information, PSNH will be contacting current Renewable Default Energy Service customers by mail to inform them of changes to the program. The program's webpage will also be changed to reflect the approved changes.

Please let us know if there are any questions concerning this filing. We are enclosing a black-lined version of the tariff page identifying the changes, as well as one signed original copy and three conformed copies. We request that one conformed copy bearing the Commission's date-of-receipt stamp be returned.

Very truly yours,

*Lois B. Jones*
