**Re: DE 12-369, Revolution Energy, LLC's Request to Be Registered as an
Aggregator of New Hampshire Renewable Energy Certificates (RECs)
Pursuant to New Hampshire Code of Administrative Rules Puc 2506**

Dear Mr. Mitchell:

On December 24, 2012, Revolution Energy, LLC (Revolution Energy) submitted a request to be registered by the Commission to act as an aggregator of RECs generated by customer-sited sources pursuant to New Hampshire Code of Administrative Rules Puc 2506. Staff has determined the application was complete in the initial filing in accordance with New Hampshire Code of Administrative Rules Puc 2500. The application and all submitted information have been reviewed and staff recommends approval for registration as an aggregator effective December 24, 2013.

Pursuant to Puc 2506.01 (a), a person not otherwise qualified to obtain certificates as a provider of electricity may purchase, combine, and re-sell whole or fractional certificates issued by the Commission to customer-sited sources¹ by registering as an aggregator. Staff has reviewed Revolution Energy's request and believes it meets the requirements set forth in Puc 2506.01 for registration as an aggregator of customer-sited sources for applicable NH RECs.

At this time, Revolution Energy intends to aggregate RECs from the following facilities:

¹ Pursuant to RSA 362-F:2, V, and Puc 2502.13 "Customer-sited source" means a source that is interconnected on the end-use customer's side of the retail electricity meter in such a manner that it displaces all or part of the metered consumption of the end-use customer.
