DE 13-014, Nathan Mulherin
Certification Applications for Class II Eligibility Pursuant to RSA 362-F

Dear Mr. McNeil:

On January 14, 2013, you submitted applications on behalf of the above-named entities requesting that the Commission grant approval of photovoltaic facilities located at each of these businesses and residences to produce Class II, Renewable Energy Certificates (RECs) pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. Staff has reviewed these applications and has recommended approval of the above-named applicants' photovoltaic arrays as eligible for Class II RECs effective January 14, 2013.

Since these facilities are customer-sited sources, the output is not recorded in the New England Power Pool Market Settlement System and, as a result the output must be monitored and verified by an independent monitor. Your application states that NHEC will monitor the facilities' output as required by N.H. Code of Administrative Rules Puc 2505.08 and 2505.09. These facilities' total output will also be included in the *NHEC Class II Aggregation*'s total output reported to the NEPOOL Generation Information System as approved by the Commission on April 9, 2010.

The details for these facilities are listed in the following table.

Docket #	Facility Owner	Facility Location	Total MW listed in application (DC Arrays)	Effective Date to Produce RECs	NH Certification Code
DE 13-010	Community Guaranty Savings Bank	Plymouth	.0052	01-14-13	NH-II-13-011
DE 13-011	Bruemmer	Plymouth	.0049	01-14-13	NH-II-13-012
DE 13-012	Hurlburt	Candia	.0062	01-14-13	NH-II-13-013
DE 13-013	Straeter	Lempster	.0049	01-14-13	NH-II-13-014
DE 13-014	Mulherin	Rumney	.0049	01-14-13	NH-II-13-015

The Commission has determined that NHEC has provided all the information necessary to demonstrate these facilities' eligibility for certification and hereby certifies the above-named photovoltaic arrays as eligible for Class II RECs effective January 14, 2013.

Sincerely,

Debra A. Howland
Executive Director
