**Re: U.S. Energy Services, Inc.
Notice of Intent to Provide Electric Aggregation Services**

Dear Ms. Howland,

Pursuant to New Hampshire Code of Administrative Rules Puc 2003.04 and Puc 2006.02, U.S. Energy Services, Inc. hereby provides notice of its intent to provide electric aggregation services in the State of New Hampshire.

U.S. Energy Services, Inc. is a Minnesota corporation incorporated in 1992. Prior to U.S. Energy, principals of this company managed U.S. Energy Engineering, which focused on pipeline project management, site development projects, infrastructure development, and management of plant energy resources.

U.S. Energy Services' human resources are substantial:

- We employ 18 Energy Account Managers averaging 22 years experience
- The U.S. Energy Executive level management team, comprised of 7 executives, has unusual depth in terms of management expertise and strategic direction.
- We employ Registered Professional Engineers, Certified Energy Engineers, Certified Public Accountants, and those with Advanced Degrees (e.g. MBAs).
- In total, U.S. Energy employees have more than 1,000 cumulative man years in the energy management business

U.S. Energy's energy management experience is long-term and client focused:

- We serve a significant number of clients who are also the largest energy users in North America, many plants averaging 2.2 BCF/natural gas annually.
- We have served as project managers for approximately 100 pipeline projects in North America.
- We manage more than half of all the ethanol facilities in the United States
- We operate on all major pipelines with over 1,000,000 MMBtu/day of natural gas under management

- We manage more than 1,000 MW of electric usage and 220MW of demand response capability
- With over 20 years of price risk management experience, we are able to provide professional, tenured advice that few other companies can offer
- Water and wastewater management is becoming an increasingly important component of energy management. Our H₂Oversight Service is unique in the industry.
- We enjoy relationships with more than 100 natural gas suppliers and utilities in North America, and more than 50 electric suppliers.
- SAS70 compliant and currently performing an SSAE16 audit.

Enclosed for filing are two paper copies and CD containing an electronic copy of U.S. Energy Services, Inc.'s registration application, along with a check in the amount of \$250.00 for the filing fee.

If you should have any questions or need any additional information, please do not hesitate to contact me.

Best regards,

Michael J. Auger
General Counsel
