STATEMENTS OF PRELIMINARY POSITION BY:

Mr. Getz 5

Ms. Hollenberg 6

Ms. Brown 6

P R O C E E D I N G

1
2 CHAIRMAN IGNATIUS: Good afternoon. I'd
3 like to open the hearing in Docket DW 13-128. This is
4 Pittsfield Aqueduct Company's permanent rate case.
5 Pittsfield filed on May 31st a request for increase to its
6 permanent rates, and also seeking a waiver from certain
7 filing provisions, which I had forgotten we had already
8 granted in the order of notice. So, I won't go through
9 that process again today. It also seeks temporary rates,
10 although this isn't the temporary rate proceeding today.

11 The requested increase for permanent
12 rates would be an increase of 63,000 -- almost \$64,000 in
13 gross operating revenues, or a 9.34 percent increase
14 effective July 1st, 2013. The temporary rate request asks
15 for a 7 percent increase on a reconcilable basis. And, by
16 order of notice dated June 20th, we called for a
17 prehearing conference this afternoon and opportunity for
18 interventions.

19 So, let's begin first with appearances.

20 MR. GETZ: Good afternoon, madam Chair
21 and Commissioners. I'm Tom Getz, of the law firm of
22 Devine, Millimet & Branch, on behalf of Pittsfield
23 Aqueduct Company. Also present today with the Company are
24 John Patenaude, the Chief Executive Officer; Don Ware, the

1 Chief Operating Officer; Larry Goodhue, the Chief
2 Financial Officer; Charles Hoepper, Director of Regulatory
3 Affairs; and John Boisvert, the Chief Engineer.

4 CHAIRMAN IGNATIUS: Good afternoon. Ms.
5 Hollenberg.

6 MS. HOLLENBERG: Good afternoon. Rorie
7 Hollenberg here on behalf of the Office of Consumer
8 Advocate.

9 CHAIRMAN IGNATIUS: Good afternoon.

10 MS. BROWN: Good morning -- good
11 afternoon, Commissioners. Marcia Brown, on behalf of
12 Staff. And, with me today is Mark Naylor, Robyn
13 Descoteau, and Attorney Mike Sheehan. Thank you.

14 CHAIRMAN IGNATIUS: Good afternoon,
15 everyone. And, do we have a customer here or other person
16 seeking to participate?

17 MR. OKRENT: Good afternoon. My name is
18 Fred Okrent. I'm a customer. And, I'm here to observe.

19 CHAIRMAN IGNATIUS: All right. Welcome.
20 And, can you spell your last name please, sir?

21 MR. OKRENT: O-k-r-e-n-t.

22 CHAIRMAN IGNATIUS: Thank you. And,
23 you're a customer of Pittsfield?

24 MR. CAMERINO: Pittsfield Aqueduct, yes.

1 CHAIRMAN IGNATIUS: Great. Thank you
2 very much. Glad you're here.

3 I don't see any requests for
4 intervention in the file, and it doesn't appear there's
5 anyone here. Is anyone aware of anyone who's seeking to
6 intervene?

7 MR. GETZ: We are not.

8 CHAIRMAN IGNATIUS: Okay. And, we
9 received the publication affidavit. Thank you very much
10 for that. Are there any other administrative matters we
11 should take care of before going to positions?

12 (No verbal response)

13 CHAIRMAN IGNATIUS: I don't see any.
14 So, why don't we go ahead, Mr. Getz, with a sort of
15 summary of where you are in this case and what you
16 anticipate being significant as we work through it.

17 MR. GETZ: Thank you, madam Chair. We
18 really don't have anything to offer in addition to the
19 summary that you've already made from the suspension
20 order. We have been talking to Staff and the Consumer
21 Advocate about the best way to make sure that the
22 procedural schedules among the three cases work together.
23 And, so, we will continue to do that when we go to the
24 technical session this afternoon. But there are no other

1 specific issues to point out at this time.

2 CHAIRMAN IGNATIUS: All right. Thank
3 you. Ms. Hollenberg?

4 MS. HOLLENBERG: Thank you. The OCA has
5 no position at this time on the Company's filing.

6 CHAIRMAN IGNATIUS: All right.
7 Ms. Brown?

8 MS. BROWN: Good afternoon. This may
9 sound redundant, because we've had three -- or, three
10 prehearings in close succession involving similar
11 companies. But, for Pittsfield Aqueduct Company, this is
12 the first post acquisition rate case, and there are some
13 unique accounting treatments that Staff will be taking
14 special care to review during this rate case.

15 As with traditional rate cases, Audit
16 Staff conducts a full audit of the Company's books and
17 records, and that will be done in this proceeding or in
18 conjunction with this proceeding. And, with the audit in
19 mind, Staff and the parties will be developing a
20 procedural schedule that incorporates knowledge of the
21 findings of those, of the audit report, in time so that we
22 can at least have one round of discovery after those
23 findings are made. So that, if there are any issues found
24 in the audit, we can resolve them in this proceeding, or

1 also flesh out issues and resolve them in this proceeding.

2 As Attorney Getz alluded to, we've
3 already discussed a preliminary procedural schedule. So,
4 it's Staff's hope that we will finish that procedural
5 schedule discussion in the tech session, and we will file
6 a procedural schedule shortly with the Commission.

7 Staff would offer its position on
8 permanent and temporary rates likely through testimony at
9 the appropriate time, pursuant to the procedural schedule.
10 Thank you.

11 CHAIRMAN IGNATIUS: All right. Thank
12 you. And, I know, Ms. Brown, you've said at other times
13 that you're always willing to work with customers, and the
14 OCA I'm sure as well, work with customers to understand
15 ways they can participate, even if they're not full
16 intervenors. And, if you haven't had a chance to talk to
17 Mr. Okrent yet, you know, that would be probably a good
18 idea, so he understands the ways -- the different levels
19 of participation and how to take advantage of those.

20 MS. BROWN: Yes. OCA and Staff have at
21 least contacted or spoken to prior to the prehearing. So,
22 we'll continue that. Thank you.

23 CHAIRMAN IGNATIUS: Good. Thanks a lot.
24 So, I don't think we have anything else for our part of

1 it. We'll leave you to the tech session and development
2 of the schedule and beginning the sorting out of the
3 issues in a way that's efficient on coming up with a
4 schedule for the duration of the case. And, we'll respond
5 to that when it's filed.

6 So, with that, we will adjourn this
7 hearing and leave you to the tech session.

8 **(Whereupon the prehearing conference**
9 **ended at 1:45 p.m., and the Parties and**
10 **Staff conducted a technical session**
11 **thereafter.)**
