Re: Solar Farm Bank, LLC's Certification Applications for Class II New Hampshire Renewable Energy Certificate (REC) Eligibility on Behalf of the Following Entities Pursuant to RSA 362-F to Allow Participation in the Solar Farm Bank Aggregation:

- DE 13-189 Windy Ridge Corporation
- DE 13-229 Lawrence and Susan Warren

Dear Mr. Hirsh:

On July 08, 2013, the Commission received an application on behalf of Windy Ridge Corporation (Windy Ridge Corp.) from Solar Farm Bank requesting Commission approval for Class II New Hampshire REC eligibility for the Windy Ridge Corp.'s photovoltaic (PV) array pursuant to RSA 362-F, New Hampshire's Electric Renewable Portfolio Standard law. In addition, an application for Lawrence and Susan Warren (Warren) was received July 31, 2013 for their residential PV array. Certification of these facilities will enable Solar Farm Bank to add these facilities to its aggregation pursuant to Puc 2506.01 and recognized by the Generation Information System (GIS) under NON 35889.

Staff has reviewed the Windy Ridge Corp. and Warren applications and has recommended approval of the above-named applicants' PV arrays as eligible to be aggregated by the Solar Farm Bank for Class II RECs effective July 08, 2013 for Windy Ridge Corp. and July 31, 2013 for Warren, the dates Staff was able to determine that the applications were complete.

Since these facilities are customer-sited sources, their output is not recorded in the New England Power Pool Market Settlement System and, as a result must be monitored and verified by an independent monitor. The applications state that Paul Button, Energy Audits Unlimited, will monitor the facilities' output pursuant to N.H. Code of

Administrative Rules Puc 2505.08 and 2505.09. Mr. Button will report these facilities' total output annually to the customer, the Commission and the NEPOOL Generation Information System as part of the Solar Farm Bank's Class II aggregation pursuant to Puc 2505.09(h)(3).

The details for these facilities are listed in the following table.

| Commission Assigned Docket # | Facility Owner | Facility Location | Total MW listed in application | Effective Date to Produce RECs | NH Certification Code |
|------------------------------|-------------------|-------------------|--------------------------------|--------------------------------|-----------------------|
| DE 13-189 | Windy Ridge Corp. | Tamworth | 0.02 | July 08, 2013 | NH-II-13-060 |
| DE 13-229 | Warren | Brookfield | 0.007 | July 31, 2013 | NH-II-13-061 |

The Commission has determined that Solar Farm Bank has provided all the information necessary to demonstrate these facilities' eligibility for certification and hereby certifies the Windy Ridge Corp. and Warren PV arrays as eligible to be aggregated by the Solar Farm Bank for Class II RECs effective July 08, 2013 for Windy Ridge Corp. and July 31, 2013 for Warren.

Sincerely,

Debra A. Howland
