Dear Director Howland,

On April 7, 2014, in accordance with Commission regulations at PUC 2003.02, Diversegy filed an application to Broker/Aggregate natural gas to customers in all the natural gas distribution company service territories throughout the State of New Hampshire.

Pursuant to Diversegy's ("Company" or "Diversegy") ongoing obligation to inform the New Hampshire Public Utilities Commission ("Commission"), the Company herein provides Notice that it has undergone the following material changes in accordance with PUC 3003.04(i)(j) as promulgated by the Commission.

1. On or about June of 2014, the Company changed their primary office to the following address:
Diversegy, LLC
5080 Spectrum Drive, Suite 600W
Addison TX, 75001
2. The technical and managerial competency of the Company in the form of its officers and directors has also undergone a material change in the form of new hires to enhance Diversegy's already experienced staff. As demonstrated in Schedule A, please find the resumes and biographical information for the new operational team. All other positions have remained the same. Diversegy will retain continuity of brand awareness by maintaining the same name and marketing strategy. No other material change for which the Commission relied upon in approving the original license has occurred.

Thank you in advance for your time and attention to this matter. Should you have any questions or need any additional documentation, please do not hesitate to contact this office at your convenience.

Respectfully Submitted,
