SUBJECT: DM 14-341 Union Atlantic Electricity

Denial of Renewal of Registration as a Competitive Electric Power

Supplier

TO: Commission

Debra Howland, Executive Director

On December 1, 2014, Union Atlantic Electricity (Union) filed an application to renew its registration as a competitive electric power supplier (CEPS). Union's registration as a CEPS, approved under Docket No. DM 13-246, and the surety bond included with its initial application, expired as of December 16, 2014. Pursuant to Puc 2003.02, Union's renewal application was due 60 days prior to the termination of its most recently active registration, on October 16, 2014.

On December 2, 2014, Commission Staff sent a deficiency letter to Union which identified items missing from its renewal application. Despite a number of follow-up communications between Staff and Union, Union has not yet provided the missing items required to complete its renewal application.

Because Union has not completed its application within the timeframe allowed by Puc 2003.02, and because its registration and surety bond have expired, Staff recommends that the Commission deny Union's renewal application and that this docket be closed.
