Comments: Indian Mound Water Corp. is proposing an increase in our water rate again. I, like many others on this development are only seasonal residents, not using substantial water here only weekends from June to Nov. We spend the rest of the time in Fla. We are among the highest billed water in the region for non metered customers. Our water has been disrupted a number of times this year (at least 6 times I am aware of) causing a inconvenience every time to their customers. I would urge you to look more closely at what we are paying for water used and the services we get at Indian Mound. Whatever monies they say they are spending they are not spending it at Indian Mound.  
Thank You for this Consideration  
Anthony

My property address is 4 Captain Lovewell Lane, Center Ossipee, NH
