RE: Lakes Region Water Co., Inc.  
Petition for Temporary and Permanent Rate Increases

Dear Director Naylor:

We are property owners at 121 Judges Rd., Thornton, NH and are petitioning to intervene in the above matter.

Our rights and interests may be adversely affected by these proposed rate increases and other issues that may be raised at the proceedings.

We therefore request: details of the purchase and sale of the Mt. Roberts land by Barbara G. Mason; salaries or other benefits received by the Mason family; Percentage of all LRWC expenditures attributable to the Waterville Valley Gateway metered properties.

We also join in and attach as part of our petition the statement of the Judges Road residents' opposing the LRWC petition for rate increases.

Yours truly,

Susan M. Riley
