Executive Director,
Commissioner(s)

Previously your records contained the following information:

Dennis J. Giancola, President
H. P. Technologies, Inc.
d/b/a Supply Choice Energy
33648 Saint Francis Drive
Avon, OH 44011

Energy Deals, LLC is no longer associated, legally with H. P. Technologies, Inc. H. P. Technologies, Inc. was sold to Innovest Global, Inc. on March 22, 2018 in an exchange of stock which did not occur until late third quarter of 2020.

Energy Deals LLC continues to be a privately held Ohio Limited Liability Company. Energy Deals LLC was founded February 2014 and was at one time, considered to be a spin-off, start-up affiliated with H. P. Technologies, Inc. by the association of common ownership (Dennis J. Giancola).

Energy Deals LLC is the owner and creator of www.energypricechoice.com and desires that its name now replace that of H. P. Technologies, Inc. for the business purposes by and between NH Public Utilities Commission and Energy Deals LLC.

We are reporting this change since the account was previously administered by H. P. Technologies, Inc. and evidently they did not report a change in ownership to NH Public Utilities.

Respectfully,

Dennis J. Giancola, Managing Member
Energy Deals LLC
