Concord, NH 03301-2429

**Re: Docket No. DG 17-191; Liberty Utilities (EnergyNorth Natural Gas) Corp. – Keene Division; Tariff Change Filing**

Dear Ms. Howland:

By letter dated August 23, 2018, the Company asked to withdraw its November 2017 request in this docket to approve changes to certain language in the Keene Division tariff because the Keene Division had been consolidated with the rest of EnergyNorth. The Company indicated that it “plans to make a new filing shortly to amend the EnergyNorth tariff.” The Commission granted the Company’s request. By this letter, the Company is making that “new filing to amend the EnergyNorth tariff.”

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp., enclosed for filing please find redlined and clean versions of Liberty Utilities First Revised Tariff page 6, First Revised Tariff page 7, and new Original Tariff page 7A, which contain the proposed tariff changes requested in this docket. The attached language is different from what was originally filed in two respects.

First, the Company incorporated changes requested by Staff. By incorporating Staff’s suggestions, the Company understands that Staff will recommend approval of the new language.

Second, when the Company initially proposed this language in late 2017, it was to be inserted into the tariff governing the Keene Division. However, the Keene Division was folded into EnergyNorth with the completion of EnergyNorth’s recent rate case. See Order No. 26,122 (Apr. 27, 2018). Thus, the changes requested in this docket (which continue to apply to Keene’s use of propane air and will apply to the future use of natural gas in Keene) are now being inserted into the EnergyNorth tariff.

The Company respectfully asks for approval of these changes pursuant to Puc 1603.  
Thank you.

Sincerely,

Michael J. Sheehan
