2. Definitions

A telephone utility must complete this form when first establishing a local nexus in a particular exchange area, thereby entitling it to number assignments.

Local Nexus The presence of physically located customers, as shown by:
1. Collocation with the ILEC in the exchange.
2. Provisioning of service via local loops owned by the utility.
3. Provisioning of service via Enhanced Extended Links (EELs).
Customer For the purposes of this report, a customer is defined as a billing entity. Count one customer for each separate bill rendered in a billing cycle.

Instructions

For each exchange area in which your company has become eligible to provide service since filing an earlier Exchange Eligibility Report, describe your operations showing how you meet the local nexus test.
