RE: 9 Lancelot Court, Unit 8, in Salem, NH.

ATTN: Sue Fleck, Liberty President

1. On 07/23/2018, I faxed a copy of a 07/12/2018 Salem 10th Circuit District Court Order to fax (603) 386-6280; which stated electricity was to continue at 9 Lancelot Court, Unit 8, in Salem, New Hampshire. Apparently, the Order was not implemented.
2. On 07/17/2018, I spoke with "Jen" [refused to give her last name] whom stated that although she had the Order in her hand, as we spoke; disconnection was scheduled for 08/29/2018 as the electric account was "transferred" into the new owner's name. I continue to reside at the property address. Liberty has not mailed me a disconnect Notice. I was unaware of the electric service transfer to a third party. No Notice of account transfer was mailed to me by Liberty. The only Liberty document I received was a "FINAL BILL." The FINAL BILL current charges were paid by me on 07/17/2018. Confirmation Code #229027. I have a chronic physiological medical condition. A current medical certificate is on file with your office. To date, I have not received the notice of medical application letter on the account, even though "Jen" stated she would mail it to me this date.
3. On 08/23/2018, I left a voicemail message for Christine Downing at (603) 216-3588 notifying Liberty, once again, that I remain on the property and seeking assurance that the electricity would not be disconnected.
4. On 08/24/2018, I re-faxed the 07/12/2018 Salem 10th Circuit District Court Order - **ATTN: Sue Fleck.**

At this time, I request Notification of receipt of the Court Order. **I request written assurance that the electricity will not be disconnected, on 08/29/2018,** at the aforementioned property address. I have lived here for eighteen (18) years. The only time Liberty has sought disconnection is for two (2) eviction notices; which were issued in August 2017 and May 2018. At this time, I remain on the property. Electricity is a necessity. I implore this organization to not disconnect the electricity, as per court order, and for Liberty to explain whom at Liberty initiated electric service transfer to the new Owner, Madhu Gaddam d/b/a Madhu Estates, LLC.

If the new owner, or someone on his behalf, initiated electricity disconnection; please clarify this issue in writing. Please mail to me, via postage prepaid first-class mail, any and all correspondence related to this property electricity transfer and/or disconnection requests. I remain living at this address and need electricity on the property.

Thank you for your time and attention to this urgent medical matter.

Sincerely,

Judith Thompson
