Re: DT 20-186, TDS Metrocom, LLC
Intrastate Access Service Tariff (NHPUC No. 1) Changes Effective November 20, 2020

Dear Ms. Ladwig:

On November 19, 2020, TDS Metrocom, LLC (Metrocom or the Company) filed changes to its intrastate access tariff (NHPUC No. 1) to unbundle the Company's originating End User Access rate, such that transport and end office local switching are now separate rates. The tariff amendment is not a rate change, but a change in the allocation of the existing rate, which bifurcates it into separate rates for switching and transport. Metrocom requested an effective date of November 20, 2020 for the proposed tariff amendment.

Commission Staff (Staff) filed a memorandum on December 8, summarizing its analysis of the filing and recommending that Metrocom's tariff amendment be permitted to become effective as requested. The tariff is the same as Metrocom's Federal Communications Commission (FCC) Tariff No. 4, Section 15 and was filed pursuant to N.H. Admin. R., Puc 404.05. The FCC allows such tariffs to be filed one day prior to their effective date.

The Commission has accepted and approved Staff's recommendation, consistent with RSA 378:2, which directs the Commission to conform filing requirements to federal requirements in such cases. Accordingly, Metrocom's tariff changes are accepted, effective as of November 20, 2020.

Sincerely,

A handwritten signature in blue ink that reads "Debra A. Howland".
