New Hampshire Public Utilities Commission

Dear Chairman Goldner:

Re: Docket No. DG 22-057; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty-Keene Division, Winter 2022-2023 Cost of Gas Compliance Tariff Correction

On November 15 and 18, 2022, Liberty's-Keene Division submitted a compliance tariff filing per Order No. 26,716 dated October 31, 2022, in Docket No. DG 22-057. Clean and redlined tariff pages were enclosed. On November 30, 2022, the Commission issued Order No. 26,737 in both Docket Nos. DG 22-045 and DG 22-057. In that order, the Commission acknowledged the correct LDAC per therm rates of \$0.1086 and \$0.0872 for residential and C&I customers respectively and required Liberty to remove "the changes to Liberty's Keene Summer 2023 rates, which were not established by Order No. 26,716."

Included with this letter is the clean and redlined replacement tariff page 88 (Nineteenth Revised). It has been updated to reference the latest Order No. 26,737 in the footer and display the last approved summer rates for October 1 through October 31, 2022, that were previously issued as the Eighteenth revision on September 27, 2022, in effect for October 1, 2022. This summer rates presentation is consistent with the prior year's compliance tariff filing of page 88 (Third Revised) issued on November 19, 2021, in effect for November 1, 2021, in Docket No. DG 21-132.

Thank you for your attention to this matter. Please do not hesitate to contact me if you have any questions.

Sincerely,

/s/ Craig A. Holden
