**Procedural Order Re: Request to Accept Late Filing**

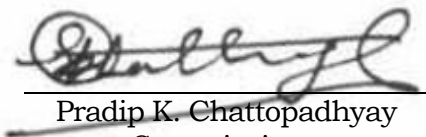

In the afternoon of October 19, 2022, the New Hampshire Department of Energy (DOE) filed a revised joint exhibit list and additional exhibits for the hearing scheduled today, October 20, 2022, at 1:30 p.m., with a letter requesting that the Commission accept this filing after the 5-day deadline (which would have been October 13, 2022) contained in the hearing guidelines issued on September 30, 2022. The DOE explained the reasons for its late filing and stated that excluding these additional exhibits would cause the DOE undue hardship. It represented that the other two parties to this proceeding, Northern Utilities, Inc. and the Office of the Consumer Advocate assented to the additional DOE exhibits and the late filing.

After reviewing the DOE's October 19 letter, the Commission has accepted the DOE's late filing in this instance. The DOE's additional exhibits may be introduced at today's hearing.

So ordered, this twentieth day of October, 2022.
