Re: DE 09-103, Broome Energy Resources, LLC's Nanticoke Facility
Certification as a New Hampshire RPS Class III and Class I Facility
Pursuant to RSA 362-F
New Hampshire Certification Code NH-I-09-037 and NH-III-09-038

Dear Mr. Webb:

Please be advised that, pursuant to RSA 362-F, the New Hampshire Public Utilities Commission has certified Broome Energy Resources, LLC's Nanticoke facility as a Class III renewable energy source effective August 11, 2009 and is eligible to be issued New Hampshire Class III RECs. The Commission also certifies generation from the Nanticoke facility that is greater than its historical generation baseline of 7,851 megawatt-hours as eligible for New Hampshire Class I renewable energy certificates.

The Nanticoke facility has a gross nameplate capacity of 2.6 megawatts, is fueled with methane gas and is located at 286 Knapp Road, Binghamton, New York. The NEPOOL GIS facility identification number for the facility is IMP 32676. The New Hampshire Renewable Portfolio Standard certification code for the Nanticoke landfill methane gas unit is NH-III-09-038 and the certification code for the generation in excess of the facility's historical generation baseline is NH-I-09-037.

Sincerely,

Debra A. Howland
Executive Director
