RE: Northern New England Telephone Operations LLC d/b/a FairPoint Communications - NNE (“FairPoint”), Compliance with Commission Order Dated February 25, 2008 in Docket No. DT 07-11.

Revised FairPoint Communications, Stabilization Report – Bi-Weekly May 2, 2011.

Dear Ms. Bailey:

Northern New England Telephone Operations LLC, d/b/a FairPoint Communications – NNE (FairPoint) hereby submits a revised bi-weekly stabilization report for May 2, 2011 that was originally filed in error as a confidential report on May 4, 2011. This filing corrects that issue.

For the week ending 4/29 there were 122 pending late orders greater than 20 days. Of those orders, 29 were held for “facility or equipment” reasons, 16 were subsequently canceled, completed or held for customer/negotiated project commitment reasons. As of the Friday “daily analysis”, 1 order is a Record order and 3 ASRs are future dated. The 29 orders held for “facility or equipment” reasons were distributed with 20 in Retail, 2 LSR and 7 ASRs. The remaining records are being addressed in the daily review procedure that triages the fallout and works the orders through the systems.

Please direct any questions or comments regarding this report to FairPointInput@FairPoint.com.

Please acknowledge receipt of this letter by signing or stamping and dating the receipt copy of this letter. Please let me know of any questions or concerns.

Sincerely,

Ryan P. Taylor
