

DE 17-136 EERS
Performance Incentive Working Group
AGENDA
June 20, 2018, 9:00 pm – 11:30 Hearing Room A

AGENDA

1. Introductions
2. Low income metric:
 - What form should it take?
 - What is achievable?
 - Maintain 17% spending threshold?
 - Low income incentive plus spending threshold plus NEI adder. Do we need all three to adequately serve the low income sector?
3. Clarify portfolio v. sector approach: If adopted, what would it look like in NH?
4. Revisit budget v. actual. Is there a firm basis for re-opening this issue given the PUC's prior decisions?
5. Consider utilizing both lifetime savings and annual savings: How to weigh both?
6. Revisit gross savings v. net savings:
 - Define "adjusted gross savings."
 - Can the market study assist in determining free rider and spillover factors?
7. Energy Optimization.
 - Define
 - Within the scope of DE 17-136 as an additional incentive?
