Pennichuck Water Works, Inc. and Pennichuck Corporation's Responses to
the City of Nashua's Fifth Set of Data Requests

Date of Request: April 17, 2006
Data Request No.: Nashua 5-29

Date of Response: April 27, 2006
Witness: Donald L. Ware

REQUEST: Please state how power is accounted for in the Company's Annual Report to the PUC. In your response, please state on which schedule and line the expenditure appears.

RESPONSE: Power purchased is accounted for in the 2005 NHPUC annual report on Sheet F-48, line 25, Account 623, Fuel or Power Purchased for Pumping. The amount of power/fuel purchased for water in 2005 was \$970,178. The cost of purchased power in previous years was accounted for in lines 25 and 36, Account 623, Fuel or Power Purchased for Pumping and Account 633, Maintenance of Pumping Equipment.

Pennichuck Water Works, Inc. and Pennichuck Corporation's Responses to
the City of Nashua's Fifth Set of Data Requests

Date of Request: April 17, 2006
Data Request No.: Nashua 5-18

Date of Response: April 27, 2006
Witness: John E. Joyner

REQUEST: Please explain how you would develop performance standards referred to at p. 7, line 24 prior to performing a review of the operating records and a field due diligence.

RESPONSE: In the absence of being able to conduct such a review, one would set a target based on industry standards/best practices and later adjust the target based on actual data after a period of operating the system. My response assumes that it was not possible to obtain such information initially through the discovery process in the eminent domain proceeding.

Pennichuck Water Works, Inc. and Pennichuck Corporation's Responses to
the City of Nashua's Fifth Set of Data Requests

Date of Request: April 17, 2006
Data Request No.: Nashua 5-20

Date of Response: April 27, 2006
Witness: John E. Joyner

REQUEST: Your testimony at p. 7, lines 10-19 suggests that the OM&M Agreement should have an electric consumption guarantee. Please provide for all contracts negotiated by you or the IMG team members the contract details listed in Nashua 5-10 [sic] for all contracts where an electric consumption guarantee is provided and provide a copy of each such contract.

RESPONSE: The only contract I have is the Milwaukee contract, which is being provided in response to Nashua 5-15. See also response to Nashua 5-11 regarding information relating to this contract. Other contracts that I am aware contained such a provision, but which I do not have a copy of, are as follows:

Fairfield-Suisun, CA
Great Falls, MT
Burlingame, CA
Vancouver, WA
Wilmington, DE
Cranston, RI
Atlanta Fulton Co., GA
Sioux City, IA
Scottsdale, AZ
Lynn, MA

It is my understanding that many contracts negotiated by Wheelabrator EOS included such a provision, and Professional Services Group then adapted their standard contract to include a similar provision. Both of these companies later became part of Vivendi, which is now Veolia.

Pennichuck Water Works, Inc. and Pennichuck Corporation's Responses to
the City of Nashua's Fifth Set of Data Requests

Date of Request: April 17, 2006
Data Request No.: Nashua 5-21

Date of Response: April 27, 2006
Witness: John E. Joyner

REQUEST: Reference your testimony at p. 7, lines 10-19, explain how you believe an electric consumption guarantee could be established without a review of operating records and a field due diligence.

RESPONSE: See response to Nashua 5-18.
