Certification Application for Class III Eligibility Pursuant to RSA 362-F

Dear Mr. Shulock:

Please be advised that, pursuant to RSA 362-F:12, III, biomass sources certified by this Commission as renewable energy sources "shall file with the department and the commission within 45 days of the end of each calendar quarter an affidavit and documentation attesting to the source's average NO_x emission rate for such quarter and the most recent particulate matter stack test results." The 45 day period means that such filings must be made on or before November 14, February 14, May 15, and August 14.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Henry J. Bergeron".
