Dear Mr. McLaughlin:

RE: Jackman Water Quality Certificate

On Monday, November 30, 1998 I spoke with Mr. Robert Bacynski of the New Hampshire Department of Environmental Services (NHDES) Surface Water Quality Bureau. Mr. Bacynski stated that the NHDES currently has no program to require non FERC licensed projects to have 401 Certification. At present, the FERC license is what triggers the certification process.

If there are any questions regarding this matter please call Curt Mooney at (603) 634-2383.

Sincerely,

Curt Mooney
PSNH Associate Scientist
