Dear Ms Howland,

I am writing in response to docket number "DT08-146" regarding the request from segTEL, Inc. for permission to attach and run fiber optic telecommunications cable on utility poles owned by PSNH situated within the PSNH right-of-way on my property.

I am strongly opposed to this request by segTEL; preferring to maintain the right-of-way on my property to PSNH only. Additional powerlines/cable lines would be unsightly and result in a decrease in property value. I also have strong concerns for health concerns additional power/cable lines would present for my household.

Thank you,
