**Re: DRM 08-148; Comments of National Grid on Initial Proposal**

Dear Ms. Howland:

Earlier today, we hand delivered the written comments of Granite State Electric Company d/b/a National Grid ("National Grid" or "Company") on the proposed Puc 900 Rules (Net Metering for Customer Owned Renewable Energy Generation Resources of 100 Kilowatts or Less). In that letter, the docket number was incorrectly identified as DRM 08-126. Enclosed please find National Grid's written comments with the appropriate docket number. The revised written comments will also be sent to the service list.

If you have any questions, please do not hesitate to call me.

Respectfully submitted,

Granite State Electric Company  
d/b/a National Grid
