9. Dunbarton and VZW aver that the Agreement is consistent with the standards for approval.

10. Pursuant to Section 252(i) of the Act, once the Agreement is approved, Dunbarton will make the entire Agreement available to any similarly situated CMRS carrier.

This traffic exchange and compensation agreement (“Agreement”) is effective as of the 7th day of November 2008 (the “Effective Date”), by and between Dunbarton Telephone Company (“Dunbarton”) with offices at 2 Stark Highway South, Dunbarton, NH 03046 and Cellco Partnership d/b/a Verizon Wireless and its affiliates doing business as Verizon Wireless (collectively, “VZW”), with offices and principal place of business at One Verizon Way, Basking Ridge, NJ 07920.

2. RECITALS

WHEREAS, Dunbarton is an incumbent Local Exchange Carrier in the State of New Hampshire; and

WHEREAS, VZW is a Commercial Mobile Radio Service provider of two-way mobile communications services operating within the State of New Hampshire; and

WHEREAS, The Parties acknowledge that Dunbarton is entitled to maintain that it is a rural telephone company (as defined in 47 U.S.C. 153) as provided by 47 U.S.C. 251(f). By entering into this Agreement, Dunbarton is not waiving its right to maintain that it is a rural telephone company and its right to maintain that it is exempt from § 251(c) under 47 U.S.C. 251 (f) of the Act; and

WHEREAS, Dunbarton and VZW exchange calls between their networks and wish to establish traffic exchange and compensation arrangements for exchanging traffic as specified below.

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Dunbarton and VZW hereby agree as follows:

II. ARTICLE II

1. DEFINITIONS

Special meanings are given to common words in the telecommunications industry, and coined words and acronyms are common in the custom and usage in the industry. Words used in this contract are to be understood according to the custom and usage of the telecommunications industry, as an exception to the general rule of contract interpretation that words are to be understood in their ordinary and popular sense. In addition to this rule of interpretation, the

following terms used in this Agreement shall have the meanings as specified below:

- 1.1 “Act” means the Communications Act of 1934, as amended.
- 1.2 “As Defined in the Act” means as specifically defined by the Act, as may be interpreted from time to time by the FCC, the Commission, New Hampshire state courts, or federal courts.
- 1.3 “As Described in the Act” means as described in or required by the Act, as may be interpreted from time to time by the FCC, the Commission, New Hampshire state courts, or federal courts.
- 1.4 “Affiliate” means a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term “own” means to own an equity interest (or the equivalent thereof) of more than ten percent (10%).
- 1.5 “Central Office Switch” means a switch used to provide Telecommunications Services, including, but not limited to:
 - (a) “End Office Switch” is a switch in which the subscriber station loops are terminated for connection to either lines or trunks. The subscriber receives terminating, switching, signaling, transmission, and related functions for a defined geographic area by means of an End Office Switch.
 - (b) “Remote End Office Switch” is a switch in which the subscriber station loops are terminated. The control equipment providing terminating, switching, signaling, transmission, and related functions would reside in a host office. Local switching capabilities may be resident in a Remote End Office Switch.
 - (c) “Host Office Switch” is a switch with centralized control over the functions of one or more Remote End Office Switches. A Host Office Switch can serve as an end office as well as providing services to other remote end offices requiring terminating, signaling, transmission, and related functions including local switching.
 - (d) “Tandem Office Switch” is a switching system that establishes trunk-to-trunk connections. Local tandems switch calls from one end office to another within the same geographic area, and access tandems switch traffic from host or end offices to and from an Interexchange Carrier. A Tandem Office Switch can provide host

office or end office switching functions as well as the tandem functions.

- 1.6 “Commercial Mobile Radio Services” or “CMRS” means a radio communication service between mobile stations or receivers and land stations, or by mobile stations communicating among themselves that is provided for profit and that makes interconnected service available to the public or to such classes of eligible users as to be effectively available to a substantial portion of the public. 47 CFR § 20.

- 1.12 “Interexchange Carrier” or “IXC” means a carrier, other than a CMRS carrier, that provides or carries, directly or indirectly, InterLATA Service or IntraLATA Toll Traffic.
- 1.13 “InterLATA Service” means telecommunications between a point located in a Local Access and Transport Area and a point located outside such area.
- 1.14 “IntraLATA Toll Traffic,” means those station calls that originate and terminate within the same Local Access and Transport Area and that are carried outside Dunbarton’s Local Service Area.
- 1.15 “InterMTA Traffic” is Telecommunications traffic, which, at the beginning of the call, originates in one MTA and terminates in another MTA.
- 1.16 “Local Access and Transport Area” or “LATA” means a contiguous geographic area:
 - (a) Established before February 8, 1996, by a Bell operating company such that no exchange area includes points within more than 1 metropolitan statistical area, consolidated metropolitan statistical

area, or State, except as expressly permitted under the AT&T Consent Decree; or

- (b) Established or modified by a Bell operating company after February 8, 1996, and approved by the Commission.
- 1.17 “Local Service Area” means, for VZW, Major Trading Area Number 8 (Boston-Providence) and for Dunbarton, its local calling area contained in Dunbarton’s then current General Customer Services Tariff.
- 1.18 “Local Telecommunications Traffic” is defined for all purposes under this Agreement as Telecommunications traffic that is originated on one Party’s network, and terminated on the other Party’s network within the same Major Trading Area (MTA). Local Telecommunications Traffic may be handled pursuant to an approved interconnection agreement between the originating Party and a carrier, which performs only a contractual transiting function for the originating Party in lieu of a direct connection between the Parties, provided that the service provided by VZW is a two-way mobile service. For purposes of determining originating and terminating points, the originating or terminating point for Dunbarton shall be the end office serving the calling or called party, and for VZW shall be the originating or terminating cell site location which services the calling or called party at the beginning of the call.
- 1.19 “Local Exchange Carrier” or “LEC” means any person that is engaged in the provision of telephone exchange service or exchange access. Such term does not include a person insofar as such person is engaged in the provision of a commercial mobile service under § 332(c) of the Act, except to the extent that the Federal Communications Commission finds that such service should be included in the definition of such term. 47 U.S.C. § 153(26).
- 1.20 “Major Trading Area” or “MTA” means the Major Trading Area designated by the FCC which is the service area based on the Rand McNally 1992 Commercial Atlas & Marketing Guide, 123rd edition, at pages 38-39, as further specified or modified by 47 C.F.R. § 24.202(a) or other applicable law.
- 1.21 “Mobile Station” means a radio-communication station capable of being moved and which ordinarily does move. 47 U.S.C. § 153(28).
- 1.22 “NPA” or the “Number Plan Area” also referred to as an “area code” refers to the three-digit code which precedes the NXX in a dialing sequence and identifies the general calling area within the North American Numbering Plan scope to which a call is routed to (*i.e.*, NPA-NXX-XXXX).

Traffic Exchange Agreement between Dunbarton and VZW

- 1.23 “NXX” means the three-digit code, which appears as the first three digits of a seven-digit telephone number within a valid NPA or area code.
- 1.24 “Party” means either Dunbarton or VZW, and “Parties” means Dunbarton and VZW.
- 1.25 “Point of Interconnection” or “POI” means the mutually agreed upon point between the Parties’ respective networks where an originating Party’s traffic is deemed to be handed off to the terminating Party’s network.
- 1.26 “Rate Center” means the specific geographic point and corresponding geographic area that is associated with one or more NPA-NXX codes that have been assigned to an incumbent LEC for its provision of exchange services.
- 1.27 “Reciprocal Compensation” means an arrangement between two carriers in which each receives the same compensation rate from the other carrier for the transport and termination on each carrier’s network of Local Telecommunications Traffic, as defined in § 1.18 above, that originates on the network facilities of the other carrier. Compensation, regardless of the Party that receives it, is symmetrical.
- 1.28 “Telecommunications” means the transmission, between or among points specified by the user, of information of the user’s choosing, without change in the form or content of the information as sent and received. 47 U.S.C. § 153(43).
- 1.29 “Telecommunications Act” means the Communications Act of 1934, as amended.
- 1.30 “Telecommunications Carrier” means any provider of telecommunications services, except that such term does not include aggregators of telecommunications services (as defined in 47 U.S.C. § 226(a)(2)). A Telecommunications Carrier shall be treated as a common carrier under this chapter only to the extent that it is engaged in providing telecommunications services, except that the Federal Communications Commission shall determine whether the provision of fixed and mobile satellite service shall be treated as common carriage. 47 U.S.C. § 153(44).
- 1.31 “Telecommunications Services” means the offering of Telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

- 1.32 “Termination” means the switching of Local Telecommunications Traffic at the terminating carrier’s end office switch, or equivalent facility, and delivery of such traffic to the called Party’s premises or mobile handset.
- 1.33 “Transiting Traffic” is traffic that originates from one provider’s network, “transits” one or more other provider’s network substantially unchanged, and terminates to yet another non-affiliate provider’s network.
- 1.34 “Transport” means the transmission and any necessary tandem switching of Local Telecommunications Traffic from the Point of Interconnection between the two carriers to the terminating carrier’s End Office Switch that directly serves the called party, or equivalent facility provided by a carrier other than an incumbent LEC pursuant to the Code of Federal Regulations § 51.701(c).
- 1.35 “Type 1 Service” often referred to as a line-side trunk connection, is a service that involves interconnection to a telephone company end office. - 1.36 “Type 2 Service” often referred to as a trunk side connection, is a service that involves interconnection to a telephone company end office (Type 2-B) or tandem (Type 2-A).

2.0 INTERPRETATION AND CONSTRUCTION

All references to Sections, Exhibits and Schedules shall be deemed to be references to Sections of, and Exhibits and Schedules to, this Agreement unless the context shall otherwise require. The headings of the Sections and the terms are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of this Agreement. Unless the context shall otherwise require, any reference to any agreement, other instrument or other third party offering, guide or practice, statute, regulation, rule or tariff is for convenience of reference only and is not intended to be a part of or to affect the meaning of a rule or tariff as amended and supplemented from time-to-time (and, in the case of a statute, regulation, rule or tariff, to any successor provision).

3.0 SCOPE

- 3.1 This Agreement is intended, *inter alia*, to describe and enable specific traffic exchange and Reciprocal Compensation arrangements between the Parties. This Agreement does not obligate either Party to provide arrangements not specifically provided for herein.

- 3.2 This Agreement sets forth the terms, conditions, and rates under which the Parties agree to interconnect the CMRS network of VZW and the ILEC network of Dunbarton for purposes of exchanging Local Telecommunications Traffic, provided that the service provided by VZW to its customer is a two-way mobile service as defined in 47 U.S.C. § 153(27).
- 3.3 This Agreement relates to exchange of traffic between Dunbarton and VZW. VZW represents that it is a CMRS provider of telecommunications services to subscribers in MTA No. 8 (Boston-Providence). Additions or changes to VZW's NPA-NXXs will be as listed in Telcordia's Local Exchange Routing Guide ("LERG") under Operating Company Number(s) ("OCN") 6386 and 6981. With respect to wireless-to-landline traffic, VZW shall not deliver traffic to Dunbarton that originated on a non-Party's network, to the extent this does not exclude Local Telecommunications Traffic roaming on the VZW network.
- 3.4 With respect to landline-to-wireless traffic, this Agreement is limited to Dunbarton end user customers' traffic for which Dunbarton has tariff authority to carry. Dunbarton's NPA-NXX(s) are listed in the LERG under OCN 0043.
- 3.5 Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party.

4.0 SERVICE AGREEMENT

Description of Arrangements:

This Agreement provides for the following interconnection arrangements between the networks of Dunbarton and VZW. Additional arrangements that may be mutually agreed to by the Parties in the future will be delineated in Attachment A to this Agreement. An NPA-NXX assigned to VZW shall be treated as Local Service Area traffic and included in any local or EAS calling scope, or similar program, to the same extent as any Dunbarton or other incumbent LEC's NPA-NXX in the same rate center provided that VZW assigns numbers from such NPA-NXX to customers within the Local Service Area of Dunbarton and VZW has network facilities to serve such customers.

4.1 Indirect Interconnection:

In an effort to reach an agreement, the Parties have reached the following compromise in the context of this Agreement. It is VZW's position that the volume of traffic should determine the need for the establishment of a direct interconnection. It is Dunbarton's position that a direct connection is required for routing landline-to-wireless Local Traffic. As a compromise, and in exchange for certain other considerations provided for in this Agreement, the Parties agree to

interconnect their networks indirectly *via* a third party LEC (“Third Party Tandem Provider”) in order to exchange Local Traffic, and that the originating Party is responsible for any transit fees imposed by the Third Party Tandem Provider. The Parties agree that this compromise will in no way prejudice any position either Party may take regarding financial responsibility for charges by Third Party Tandem Providers with respect to future agreements or regulatory or legislative proceedings.

This arrangement for indirect interconnection will be subject to renegotiation if by change of law or for any other reason the Third Party Tandem Provider no longer offers the transiting service.

4.2 Direct Interconnection:

Where the total Local Traffic exchanged between VZW and Dunbarton’s specific End Office Switch exceeds 250,000 mobile-to-land minutes of use per month for three consecutive months, VZW and Dunbarton shall work cooperatively to discuss implementation of direct interconnection arrangements and to amend this Agreement, as required. VZW may also request an amendment to establish a direct interconnection regardless of the volume of traffic exchanged. For direct interconnection, the POI shall be at any technically feasible point on Dunbarton’s network.

5.0 COMPENSATION

5.1 Traffic Subject to Reciprocal Compensation:

Reciprocal Compensation is applicable for Transport and Termination of Local Telecommunications Traffic as defined in § 1.18 and is related to the exchange of traffic described in § 4. For the purposes of billing compensation for Local Telecommunications Traffic, billed minutes will be based upon actual usage recorded and/or records/reports provided by the transiting carrier. Measured usage begins when the terminating recording switch receives answer supervision from the called end-user and ends when the terminating recording switch receives or sends disconnect (release message) supervision, whichever occurs first. The measured usage is aggregated at the end of the measurement cycle and rounded to a whole minute. Billing for Local Telecommunications Traffic shall be based on the aggregated measured usage less traffic recorded as local that is deemed InterMTA Traffic based on the default factor provided in § 5.2.

The rate for Reciprocal Compensation for Local Telecommunications Traffic shall be \$0.015 per minute.

The Parties agree to bill each other for Local Telecommunications Traffic as described in this Agreement unless the Local Telecommunications

Traffic exchanged between the Parties is balanced and falls within an agreed upon threshold ("Traffic Balance Threshold"). The Parties agree that for purposes of this Agreement, the Traffic Balance Threshold is reached when the Local Telecommunications Traffic exchanged, both directly and indirectly, falls between 55% / 45% in either the wireless-to-landline or landline-to-wireless direction. When the actual usage data for three (3) consecutive months indicates that the Local Telecommunications Traffic exchanged, both directly and indirectly, falls within the Traffic Balance Threshold, then either Party may provide the other Party a written request, along with verifiable information supporting such request, to eliminate billing for Reciprocal Compensation per minute. Upon written consent by the Party receiving the request, which shall not be withheld unreasonably, there will be no billing for Reciprocal Compensation on a going forward basis unless otherwise agreed to by both Parties, in writing. The Parties' agreement to eliminate billing for Reciprocal Compensation carries with it the precondition regarding the Traffic Balance Threshold discussed above. As such, the two points have been negotiated as one interrelated term containing specific rates and conditions, which are non-separable for purposes of § 16, hereof.

5.2 InterMTA Traffic:

Access charges apply to all InterMTA Traffic originated on VZW's network and delivered to Dunbarton for termination to its customers as described in § 4, as applicable. VZW shall compensate Dunbarton at Dunbarton's applicable access tariff rates for all VZW-originated InterMTA Traffic only to the extent that such VZW-originated InterMTA Traffic is not handed off to an Interexchange Carrier for delivery to Dunbarton. Recognizing that neither Party currently has a way of accurately measuring this InterMTA Traffic, the Parties agree, for the purposes of this Agreement, to a factor of zero percent (0%) as an estimate of InterMTA Traffic. InterMTA Traffic is subject to switched access compensation, and the actual recorded usage shall be the basis for billing, when available and verifiable.

5.3 Calculation of Payments and Billing:

5.3.1 VZW will compensate Dunbarton for Local Telecommunications Traffic delivered to Dunbarton for termination to its customers, as prescribed and at the rate provided in §§ 5.1 and 5.2. Dunbarton will compensate VZW for Local Telecommunications Traffic originated by Dunbarton customers on Dunbarton's network and delivered to VZW, for termination to its customers, as prescribed in § 4 and at the rate provided in § 5.1.

5.3.2 VZW shall prepare a monthly billing statement to Dunbarton in accordance with its existing process for billing Reciprocal Compensation, reflecting the calculation of Reciprocal Compensation due VZW. Dunbarton shall prepare a monthly billing statement to VZW in accordance with its existing process for billing Reciprocal Compensation, reflecting the calculation of Reciprocal Compensation due Dunbarton. Billing shall be based on actual measured usage, when available, or on billing records provided by the Third Party Tandem Provider for Local Telecommunications Traffic delivered indirectly. To the extent that VZW does not have the capability to bill based on actual measured usage, VZW shall bill using a factor that is based on each Party's proportion of originating Local Telecommunications Traffic to total Local Telecommunications Traffic exchanged between the Parties. This estimated percentage is referred to as the Traffic Factor and is listed below. The Parties agree to review the Traffic Factor on a periodic basis and, if warranted by the actual usage, revise the Traffic Factor appropriately.

- a) Landline-to-Wireless 30%
- b) Wireless-to-Landline 70%

Where direct interconnection facilities are used for two-way traffic exchanged between the Parties, the non-recurring and monthly recurring charges shall be reduced by the Traffic Factors identified above. Any revision to the Traffic Factors will also apply to this Shared Facility Factor.

5.3.3 Each party may request to inspect, during normal business hours, the records which are the basis for any monthly bill issued by the other Party and to request copies thereof provided that the requested records do not exceed twelve (12) months in age from the date the monthly bill containing said record information was issued.

5.3.4 All invoices under this Agreement shall be sent to:

Verizon Wireless	Dunbarton
Verizon Wireless Carl Semino 99 East River Dr. East Hartford, CT 06108 Attn: Network Billing 860-803-8215 carl.semino@verizonwireless.com	Dunbarton Telephone Company 2 Stark Highway South Dunbarton, NH 03046 603-774-9911

6.0 NOTICE OF CHANGES

If a Party contemplates a change in its network, which it believes will materially affect the inter-operability of its network with the other Party, the Party making the change shall provide at least ninety (90) days advance written notice of such change to the other Party, provided, however, that this provision shall not apply to changes necessitated by emergencies or other circumstances outside the control of the party modifying its network.

7.0 GENERAL RESPONSIBILITIES OF THE PARTIES

- 7.1 Each Party is individually responsible to provide facilities within its network which are necessary for routing, transporting and, consistent with § 5, measuring and billing traffic from the other Party's network and for delivering such traffic to the other Party's network in an acceptable industry standard format, and to terminate the traffic it receives in that acceptable industry standard format to the proper address on its network. The Parties are each solely responsible for participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan. Neither Party shall use any service related to or use any of the services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party's customers, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.
- 7.2 Each Party is solely responsible for the services it provides to its customers and to other Telecommunications Carriers.
- 7.3 Each Party is responsible for managing NXX codes assigned to it.
- 7.4 Each Party is responsible for obtaining Local Exchange Routing Guide ("LERG") listings of the Common Language Location Identifier ("CLLI") assigned to its switches.
- 7.5 Each Party agrees to adhere to the blocking requirements for interconnection (P.01) as provided in Telcordia documentation GR145 - Core Compatibility for Interconnection of a Wireless Services Provider and a Local Exchange Company Network.
- 7.6 SS7 Out of Band Signaling (CCS/SS7) shall be the signaling of choice for interconnecting trunks where technically feasible for both Parties. Use of a third-party provider of SS7 trunks for connecting VZW to the Dunbarton SS7 systems is permitted. Such connections will meet generally accepted

industry technical standards. Each Party is responsible for its own SS7 signaling and therefore, neither Party will bill the other SS7 signaling charges.

- 7.7 Each Party shall be responsible for its own independent connections to the 911/E911 network.
- 7.8 All originating traffic shall contain basic call information within the Initial Address Message (IAM) such as the calling number and will meet generally accepted industry technical standards. Altering of data parameters within the IAM shall not be permitted.
- 7.9 The Parties will offer service provider local number portability (LNP) in accordance with FCC rules and regulations. Service provider portability is the ability of users of Telecommunications Services to retain, existing telecommunications numbers without impairment of quality, reliability, or convenience when switching from one Telecommunications Carrier to another. Under this arrangement, the new Telecommunications Carrier must directly provide Telecommunications Service to the End User Customer porting the telephone number. In order for a port request to be valid: 1) the End User Customer must retain his or her original telephone number; 2) the requesting Telecommunications Carrier's coverage area must overlap the geographic location in which the End User Customer's wireline telephone number is provisioned; and 3) the End User Customer must be served with Telecommunications Service directly by the Telecommunications Carrier requesting the port.
- 7.10 The Parties agree to comply with finalized FCC rules and orders, North American Numbering Council (NANC) procedures and guidelines concerning numbering and other industry guidelines related to network architecture, including but not limited to, North American Numbering Council Local Number Portability Architecture and Administrative Plan report, which was adopted by the FCC, Second Report and Order, CC Docket 95-116, released August 18, 1997, and Central Office Code Assignment Guidelines.
- 7.11 LNP Handbooks. Except where such handbooks, documents, or web information (a) conflicts with contract language; (b) adds charges not covered in this Agreement; (c) establishes unreasonable restrictions or demands; (d) conflicts with industry best practices as endorsed by NANC; or (e) conflicts with applicable law, each Party will use the other's operational handbooks or web-based procedures for interacting with one another (e.g. placing orders, handling maintenance issues, obtaining customer information). If provisions in or changes to the operational handbooks or web-based procedures of one Party cause significant modifications to the other Party's ("Disputing Party") processes and are

outside normal industry practice, the Disputing Party may raise the concern with the Party whose procedures have changed. The Parties agree to discuss options for minimizing the impact of the change on the Disputing Party and implementing such options if appropriate. Adherence by a Party to a provision of the other Party's handbooks or procedures shall not constitute a waiver of the right to object to such provision, or to pursue the dispute resolution process regarding such provision.

- 7.12 Where direct interconnection has been established, each Party will perform local number portability ("LNP") database queries on its originated traffic prior to routing any of its originated traffic over the direct interconnection facilities, and will only route traffic over the direct interconnection facilities to the extent the local routing number ("LRN") returned from such queries belongs to the other Party.
- 7.13 When a ported telephone number becomes vacant, *e.g.*, the telephone number is no longer in service by the original end user customer; the ported telephone number will be released back to the carrier who is the code holder or block holder.

8.0 TERM AND TERMINATION

- 8.1 Subject to the provisions of § 14, the initial term of this Agreement shall be for a two-year term ("Term"), which shall commence on the Effective Date. This Agreement shall automatically renew for successive month-to-month periods, unless not less than sixty (60) days prior to the end of the Term or any renewal term, either Party notifies the other Party of its intent to terminate this Agreement or negotiate a successor agreement. In the case of a notice to terminate, the other Party may request negotiation of a successor agreement up to the end of the then-current term of this Agreement.

If either Party has requested the negotiation of a successor agreement as described above, then during the period of negotiation of the successor agreement each Party shall continue to perform its obligations and provide the services described herein until such time as the successor agreement becomes effective. The rates, terms, and conditions applying during the interim period between the end of the then-current term of this Agreement and when the successor agreement is executed shall be trued-up to be consistent with the rates, terms and conditions of the successor agreement reached through negotiation or arbitration.

If the Parties are unable to negotiate a successor agreement within the statutory time frame set for negotiations under the Act, then either Party has the right to submit this matter to the Commission for resolution pursuant to the statutory rules for arbitration under the Act. If the Parties

are unable to negotiate a successor agreement by the end of the statutory time frame, or any mutually agreed upon extension thereof, and neither Party submits this matter to the Commission for arbitration, then the Agreement shall terminate at the conclusion of the statutory time frame or at the end of the extension to the statutory time frame.

8.2 The Parties agree that disputed and undisputed amounts due under this Agreement shall be handled as follows:

8.2.1 If any portion of an amount due to a Party (the "Billing Party") under this Agreement is subject to a *bona fide* dispute between the Parties, the Party billed (the "Non-Paying Party") shall, within thirty (30) days of its receipt of the invoice containing such disputed amount, give written notice to the Billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party. The Parties will work together in good faith to resolve issues relating to the disputed amounts. If the dispute is resolved such that payment of the disputed amount is required, whether for the original full amount or for the settlement amount, the Non-Paying Party shall pay the full disputed or settlement amounts with interest at the lesser of (i) one and one-half percent (1½%) per month or (ii) the highest rate of interest that may be charged under New Hampshire applicable law. In addition, the Billing Party may initiate a complaint proceeding with the appropriate regulatory or judicial entity, if unpaid undisputed amounts become more than ninety (90) days past due, provided the Billing Party gives an additional thirty (30) days notice and opportunity to cure the default.

8.2.2 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one-half percent (1½%) per month or (ii) the highest rate of interest that may be charged under New Hampshire applicable law.

8.2.3 Undisputed amounts shall be paid within thirty (30) days of receipt of invoice from the Billing Party.

8.3 Upon termination or expiration of this Agreement in accordance with this Section:

(a) Each Party shall comply immediately with its obligations as set forth above;

(b) Each Party shall promptly pay all amounts (including any late payment charges) owed under this Agreement;

- (c) The provisions of § 11.0 and § 12.0 shall survive termination or expiration of this Agreement.

8.4 Either Party may terminate this Agreement in whole or in part in the event of a default of the other Party, provided, however, that the non-defaulting Party notifies the defaulting Party in writing of the alleged default and the defaulting Party does not implement mutually acceptable steps to remedy such alleged default within thirty (30) days after receipt of written notice thereof.

9.0 CANCELLATION CHARGES

Except as provided herein, no cancellation charges shall apply.

10.0 SEVERABILITY

10.1 The services, arrangements, terms and conditions of this Agreement were mutually negotiated by the Parties as a total arrangement and are intended to be non-severable. However, if any provision of this Agreement is held by a court or regulatory agency of competent jurisdiction to be unenforceable, the rest of the Agreement shall remain in full force and effect and shall not be affected unless removal of that provision results in a material change to this Agreement. If a material change as described in this paragraph occurs as a result of action by a court or regulatory agency, the Parties shall negotiate in good faith for replacement language. If replacement language cannot be agreed upon within a reasonable time period, either Party may invoke dispute resolution procedures as set forth in this Agreement. The services, arrangements, terms and conditions of this Agreement were mutually negotiated by the Parties as a total arrangement and are intended to be non-severable.

11.0 INDEMNIFICATION

11.1 Each Party (the "Indemnifying Party") shall indemnify and hold harmless the other Party ("Indemnified Party") from and against loss, cost, claim liability, damage, and expense (including reasonable attorney's fees) to customers and other third parties for:

- (1) damage to tangible personal property or for personal injury proximately caused by the negligence or willful misconduct of the Indemnifying Party, its employees, agents or contractors;
- (2) claims for libel, slander, or infringement of copyright arising from the material transmitted over the Indemnified Party's facilities arising from the Indemnifying Party's own communications or the communications of such Indemnifying Party's customers; and

- (3) claims for infringement of patents arising from combining the Indemnified Party's facilities or services with, or the using of the Indemnified Party's services or facilities in connection with, facilities of the Indemnifying Party.

Notwithstanding this indemnification provision or any other provision in the Agreement, neither Party, nor its parent, partners, subsidiaries, affiliates, agents, servants, or employees, shall be liable to the other for Consequential Damages (as defined in § 12.3).

11.2 The Indemnified Party will notify the Indemnifying Party promptly in writing of any claims, lawsuits, or demands by customers or other third parties for which the Indemnified Party alleges that the Indemnifying Party is responsible under this Section, and, if requested by the Indemnifying Party, will tender the defense of such claim, lawsuit or demand.

- (1) In the event the Indemnifying Party does not promptly assume or diligently pursue the defense of the tendered action, then the Indemnified Party may proceed to defend or settle said action and the Indemnifying Party shall hold harmless the Indemnified Party from any loss, cost liability, damage and expense.
- (2) In the event the Party otherwise entitled to indemnification from the other elects to decline such indemnification, then the Party making such an election may, at its own expense, assume defense and settlement of the claim, lawsuit or demand.
- (3) The Parties will cooperate in every reasonable manner with the defense or settlement of any claim, demand, or lawsuit.

12.0 LIMITATION OF LIABILITY

12.1 No liability shall attach to either Party, its parents, subsidiaries, affiliates, agents, servants, employees, officers, directors, or partners for damages arising from errors, mistakes, omissions, interruptions, or delays in the course of establishing, furnishing, rearranging, moving, terminating, changing, or providing or failing to provide services or facilities (including the obtaining or furnishing of information with respect thereof or with respect to users of the services or facilities) in the absence of gross negligence or willful misconduct.

12.2 Except as otherwise provided in § 11, no Party shall be liable to the other Party for any loss, defect or equipment failure caused by the conduct of the first Party, its agents, servants, contractors or others acting in aid or

concert with that Party, except in the case of gross negligence or willful misconduct.

12.3 In no event shall either Party have any liability whatsoever to the other Party for any indirect, special, consequential, incidental or punitive damages, including but not limited to loss of anticipated profits or revenue or other economic loss in connection with or arising from anything said, omitted or done hereunder (collectively, "Consequential Damages"), even if the other Party has been advised of the possibility of such damages.

13.0 DISCLAIMER

EXCEPT AS OTHERWISE PROVIDED HEREIN, NEITHER PARTY MAKES ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR INTENDED OR PARTICULAR PURPOSE WITH RESPECT TO SERVICES PROVIDED HEREUNDER. ADDITIONALLY, NEITHER PARTY ASSUMES ANY RESPONSIBILITY WITH REGARD TO THE CORRECTNESS OF DATA OR INFORMATION SUPPLIED BY THE OTHER PARTY WHEN THIS DATA OR INFORMATION IS ACCESSED AND USED BY A THIRD-PARTY.

14.0 REGULATORY APPROVAL

The Parties understand and agree that this Agreement will be filed with the Commission, and to the extent required by FCC rules may thereafter be filed with the FCC. Each Party covenants and agrees to fully support approval of this Agreement by the Commission or the FCC under § 252(e) of the Act without modification. The Parties, however, reserve the right to seek regulatory relief and otherwise seek redress from each other regarding performance and implementation of this Agreement. In the event the Commission or FCC rejects this Agreement in whole or in part, the Parties agree to meet and negotiate in good faith to arrive at a mutually acceptable modification of the rejected portion(s). Further, this Agreement is subject to change, modification, or cancellation as may be required by a regulatory authority or court in the exercise of its lawful jurisdiction.

The Parties agree that their entrance into this Agreement is without prejudice to any positions they may have taken previously, or may take in future, in any legislative, regulatory, judicial or other public forum addressing any matters, including matters related to the same types of arrangements covered in this Agreement.

15.0 CHANGE IN LAW

The Parties acknowledge that the respective rights and obligations of each Party as set forth in this Agreement are based on the text of the Act and the rules and regulations promulgated thereunder by the FCC and the Commission as of the Effective Date (“Applicable Rules”). In the event of any amendment to the Act, any effective legislative action or any effective regulatory or judicial order, rule, regulation, arbitration award, dispute resolution procedures under this Agreement or other legal action purporting to apply the provisions of the Act to the Parties or in which the FCC or the Commission makes a generic determination that is generally applicable which revises, modifies or reverses the Applicable Rules (individually and collectively, Amended Rules), either Party may, by providing written notice to the other party, require that the affected provisions of this Agreement be renegotiated in good faith and this Agreement shall be amended accordingly to reflect the pricing, terms and conditions of each such Amended Rules relating to any of the provisions in this Agreement.

16.0 MOST FAVORED NATION PROVISION

In accordance with § 252(i) of the Act and 47 C.F.R. § 51.809, VZW shall be entitled to adopt from Dunbarton any entire Interconnection/Compensation agreement provided by Dunbarton to any other CMRS provider that has been filed and approved by the Commission, for services described in such agreement, on the same terms and conditions. The term of the adopted agreement shall expire on the same date as set forth in the agreement that was adopted.

17.0 DISPUTE RESOLUTION

Except as provided under § 252 of the Act with respect to the approval of this Agreement by the Commission, the Parties desire to resolve disputes arising out of or relating to this Agreement without, to the extent possible, litigation. Accordingly, except for action seeking a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel compliance with this dispute resolution process, the Parties agree to use the following dispute resolution procedures with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

17.1 Informal Resolution of Disputes:

At the written request of a Party, each Party will, within thirty (30) days of such request, appoint a knowledgeable, responsible representative, empowered to resolve such dispute, to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The Parties intend that non-lawyer, business representatives conduct these negotiations. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of

these negotiations shall be treated as Confidential Information developed for purposes of settlement, exempt from discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise discoverable, be discovered or otherwise admissible, be admitted in evidence, in the arbitration or lawsuit.

17.2 Formal Dispute Resolution:

If negotiations fail to produce an agreeable resolution within ninety (90) days, then either Party may proceed with any remedy available to it pursuant to law, equity or agency mechanisms; provided, that upon mutual agreement of the Parties such disputes may also be submitted to binding arbitration. In the case of an arbitration, each Party shall bear its own costs. The Parties shall equally split the fees of any mutually agreed upon arbitration procedure and the associated arbitrator.

17.3 Continuous Service:

The Parties shall continue providing services to each other during the pendency of any dispute resolution procedure, and the Parties shall continue to perform their payment obligations including making payments in accordance with this Agreement.
