**Subject:** PSNH Rate changes

Please do not allow PSNH to change rates so that they are based less on usage. I am willing to pay more per unit in order to meet PSNH's needs and encourage conservation. The scheme PSNH has proposed runs counter to all the research into what encourages conservation and will penalize entities trying to do their part to be as efficient as possible with finite resources while rewarding waste, to the detriment of all. Thanks.-Kerry Hardwick
