## THE STATE OF NEW HAMPSHIRE PUBLIC UTILITIES COMMISSION

DG 09-050

### ORDER OF NOTICE

On March 16, 2009, EnergyNorth Natural Gas, Inc. d/b/a National Grid NH (EnergyNorth) filed with the Commission its proposed COG rates for the period May 1, 2009 through October 31, 2009 (2009 Summer Season). Included in the filing were revised tariff pages and supporting materials for the changed rates. The petition and subsequent docket filings, other than information for which confidential treatment is requested of or granted by the Commission, will be posted to the Commission website at <http://www.puc.nh.gov/Regulatory/Docket/2009/09-050.htm>.

The proposed residential COG rate is \$0.6722 per therm, a \$0.5924 per therm decrease from the weighted residential COG rate of \$1.2646 per therm for last summer. The estimated impact of the proposed firm sales COG and current LDAC rate on a typical residential heating customer's summer bill is a decrease of approximately \$186, or 46%, compared to last summer.

The proposed commercial/industrial low winter use COG is \$0.6707 per therm and the proposed commercial/industrial high winter use COG is \$0.6727 per therm. The rate increase for the commercial/industrial customers over the comparable 2008 Summer Season rates is commensurate with the residential COG rate increase.

The filing raises, inter alia, issues related to: RSA 378 relative to the justness and reasonableness of rates, forecasting of sales, supplier prices and transportation prices, purchasing decisions related to the current and past summer supplies and capacity, the causes and treatment of any over and under recoveries, the reconciliation of prior period costs and revenues, and rate impacts.

Additional issues in this docket held over from prior dockets include the question of whether the mechanism that allows monthly changes in the COG rate without further Commission action should be adjusted to allow greater flexibility and whether and how the issues related to EnergyNorth's occupant account policy originally raised in docket No. DG 07-129 should be resolved. Each party has the right to have an attorney present them at their own expense.

Based upon the foregoing, it is hereby ORDERED, that a Hearing be held before the Commission located at 21 S. Fruit St., Suite 10, Concord, New Hampshire on April 9, 2009 at 10:00 a.m.; and it is FURTHER ORDERED, that EnergyNorth,

Staff of the Commission and any intervenors hold a technical session at the Commission on March 27, 2009 at 12:30 p.m.; and it is

FURTHER ORDERED, that pursuant to N.H. Admin. Rules Puc 203.12, EnergyNorth shall notify all persons desiring to be heard at this hearing by publishing a copy of this Order of Notice no later than March 26, 2009, in a newspaper with general circulation in those portions of the state in which operations are conducted, publication to be documented by affidavit filed with the Commission on or before April 9, 2009; and it is

FURTHER ORDERED, that pursuant to N.H. Admin. Rules Puc 203.17, any party seeking to intervene in the proceeding shall submit to the Commission seven copies of a Petition to Intervene with copies sent to EnergyNorth and the Office of the Consumer Advocate on or before April 6, 2009, such Petition stating the facts demonstrating how its rights, duties, privileges, immunities or other substantial interest may be affected by the proceeding, as required by N.H. Admin. Rule Puc 203.17 and RSA 541-A:32, I(b); and it is

FURTHER ORDERED, that any party objecting to a Petition to Intervene make said Objection on or before April 9, 2009.

By order of the Public Utilities Commission of New Hampshire this twentieth day of March, 2009.
