Re: DE 09-054, Residential Renewable Electric Generation Incentive Program
Technical Session Regarding Electronic Application Process

To all Interested Stakeholders:

The Commission has determined that a technical session should be held to give interested stakeholders the opportunity to provide informal input to Commission Staff regarding the proposed electronic application process and related web site user interface. These stakeholders may include prospective incentive applicants, residential energy project developers, equipment vendors and installers, utility representatives, state and regional experts on the residential renewable energy market, and other businesses, organizations, entities, and individuals.

Accordingly, a technical session is scheduled for January 27, 2015 at 3:00 p.m. at the Commission's offices to review these issues and receive such stakeholder input. A telephone conference connection will be provided for stakeholders who wish to participate from a remote location; the teleconference bridge information is as follows: Conferencing service 1+866-951-1151, pin number 1198098.

Sincerely,

A handwritten signature in blue ink that reads "Debra A. Howland".

Debra A. Howland
Executive Director
