RECONCILIATION OF ENERGY SERVICES AND STRANDED COST

Dear Ms. Howland:

I have received a copy of your letter dated August 5, 2009 indicating that the Commission has denied Clean Power Development, LLC's Petition for Intervention in the above-captioned proceedings.

We look forward to participating in the upcoming proceedings that you noted in your letter involving PSNH's power procurement policies and practices. PSNH has indicated that it has a "lot of irons in the fire," but doesn't need any renewable power. The public interest would be served by an airing of how PSNH selects its 'irons."

In order to prepare for the upcoming proceedings, CPD would like to receive an electronic copy of all of PSNH's data responses in DE 09-091.

Thank you for the courtesies extended to CPD in this matter.

Respectfully,

Melvin E Liston, President
