**TO:** Debra Howland, Executive Director

On May 14<sup>th</sup>, 2009 Kearsarge Telephone Company (KTC) and Merrimack County Telephone Company (MCTC) filed additions of Customized 911 or C911 to their tariffs. C911 is an optional service that allows PBX customers to provide specific address information in addition to the primary number information to the PSAP.

The fees involved include a \$1.00 per line setup fee and a \$.05 per number update fee. Staff recommends that the this addition to the KTC and MCTC tariffs be allowed to take affect by operation of law without further investigation.
